7.2.1 Preliminary Examination of Bids/Responsiveness

CCG will examine the Bids to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the Bids are in order & format as detailed elsewhere in this document. CCG may ask for submission of original documents in order to verify the documents submitted in support of qualification criteria.

Arithmetical errors will be rectified on the following basis: If there is a discrepancy between the unit price and the total price per item that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price per item will be corrected. If there is a discrepancy between the Total Amount and the sum of the total price per item, the sum of the total price per item shall prevail and the Total Amount will be corrected.

Prior to the detailed evaluation, CCG will determine the substantial responsiveness of each Bid to the Bidding Documents including production capability and acceptable quality of the Goods offered. A substantially responsive Bid is one, which conforms to all the terms and conditions of the Bidding Documents without material deviation. CCG reserves the right to reject non-responsive bids.

7.2.2 Techno Commercial Clarifications

Bidders need to ensure that the bids submitted by them are complete in all respects. To assist in the examination, evaluation and comparison of Bids, CCG/Engineering may at its discretion, ask the Bidder for a clarification on its Bid for any deviations with respect to specifications and attempt will be made to bring all bids on a common footing. Any such clarification as sought shall have to be responded to bidder **within two working days**, post which the bids shall be liable to be rejected. All responses to requests for clarification shall be in writing and no change in the price or substance of the Bid shall be sought, offered or permitted owing to any clarifications sought.

7.2.3 Right of Acceptance/Rejection

CENTRALIZED CONTRACTS GROUP**NIT No.: TPCODL / CCG / 25-26 / 100007331**

Bids are liable for rejection in absence of following documents:

- i. EMD of requisite value and validity.
- ii. Tender fee of requisite value.
- iii. Price Bid as per the Price Schedule mentioned in Annexure I (BOQ)
- iv. Necessary documents against compliance to Qualification Requirements mentioned in Clause 2.0 of this Tender Document.
- v. Filled in Schedule of Deviations as per Annexure III.
- vi. Filled in Schedule of Commercial Specifications as per Annexure IV.
- vii. Signed and filled in Specification and GTP as per Annexure II.
- viii. Duly filled and signed Annexure V and VI.
- ix. Receipt of Bid within the due date and time.

CCG reserves the right to accept/reject any or all the bids without assigning any reason thereof.

7.3 Price Bid Opening

Price Bids will be opened online for all technically qualified bidders on the dates as shall be informed to qualified bidders in CCG Office (First Floor Conference room, Plot -29, Anuj Building Satya Nagar, and Bhubaneswar). Bidders having authorization letter (format annexed) for attending bid opening from competent authority of respective Organizations shall be allowed to be present physically/online at the time of bid opening. If the office is closed on the specified date of opening of the bids, the opening shall be done on the next working day at the same time. The EMD of the bidder withdrawing or substantially altering his offer at any stage after the technical bid opening will be forfeited at the sole discretion of DISCOM without any further correspondence in this regard.

8.0 Market Integrity

We have a fair and competitive marketplace. The rules for bidders are outlined in the General Condition of Contracts. Bidders must agree to these rules prior to participating. In addition to other remedies available, CCG reserves the right to exclude a bidder from participating in future markets due to the bidder's violation of any of the rules or obligations contained in the General Condition of Contracts. A bidder who violates the market place rules or engages in behavior that disrupts the fair execution of the marketplace, may result in restriction of a bidder from further participation in the marketplace for a length of time, depending upon the seriousness of the violation. Examples of violations include, but are not limited to:

- Failure to honor prices submitted to the marketplace
- Breach of terms as published in TENDER / NIT

9.0 Supplier Confidentiality

All information contained in this tender is confidential and shall not be disclosed, published or advertised in any manner without written authorization from CCG. This includes all bidding information submitted to the DISCOM. All tender documents remain the property of DISCOM and all suppliers are required to return these documents to DISCOM upon request. Suppliers who do not honor these confidentiality provisions will be excluded from participating in future bidding events.

CENTRALIZED CONTRACTS GROUP**NIT No.: TPCODL / CCG / 25-26 / 100007331****10.0 Reverse Auctions**

CCG reserves the right to conduct the reverse auction for the products/ services being asked for in the tender. The terms and conditions for such reverse auction events shall be as per the Acceptance Form attached as Annexure VI of this document. The bidders along with the tender document shall mandatorily submit a duly signed copy of the Acceptance Form attached as Annexure VI as a token of acceptance for the same.

Bidders shall be allowed to participate in Reverse auction as per following criteria hence bidders are advised to quote their most competitive rates while submitting the bids to avoid disqualification from participation in Reverse Auction.

Reverse Auction shall be as per the below approach:

No of bidders allowed to participate in RA process shall be: Total No of bidders on whom tender would be split PLUS 2 more bidders

Illustrative example: Total no of qualified bidders is 10 & tender needs to split amongst 4 bidders.

PLUS 2 means $(04 + 02 = 06)$ means lowest 6 bidders i.e., L1 to L6 bidders would be allowed in the RA process. Balance, H1 to H4 bidders would not be allowed in the RA process.

In case – Total no of qualified bidders is equal to or less than the **PLUS 2** number, all qualified bidders shall be allowed in the RA process.

Illustrative example: Total no of qualified bidders is 4 & tender needs to split amongst 2 bidders. PLUS 2 means $(02 + 02 = 04)$, so all 4 qualified bidders would be allowed in the RA process

Illustrative example: Total no of qualified bidders is 3 & tender would be awarded to single party only. PLUS 2 means $(01 + 02 = 03)$, so all 3 qualified bidders would be allowed in the RA process

11.0 Award Decision

DISCOM will award the contract to the successful bidder whose bid has been determined to be the lowest-evaluated responsive bid as per the Evaluation Criterion mentioned at Clause 3.0. The Cost for the said calculation shall be taken as the all-inclusive cost quoted by bidder in Annexure I (Schedule of Items) subject to any corrections required in line with Clause 7.2.1. The decision to place purchase order/LOI solely depends on CCG on bidder qualification & cost competitiveness across multiple lots, quality, delivery and bidder's capacity, in addition to other factors that CCG may deem relevant.

CCG reserves the right not to split the order quantity wise/Line item wise among **Bidders**. All bidders are advised to quote their most competitive rates against each line item. However, CCG reserves the right to adjust the splitting as per bidders' participation/qualification/any other unforeseen condition in tender.

DISCOM reserves the rights to award contract to one or more bidders so as to meet the delivery requirement or nullify award decision without assigning any reason thereof.

CENTRALIZED CONTRACTS GROUP**NIT No.: TPCODL / CCG / 25-26 / 100007331**

In case any supplier is found unsatisfactory during delivery process, the award will be cancelled and DISCOM reserves right to award contract to other suppliers who are found fit.

CENTRALIZED CONTRACTS GROUP**NIT No.: TPCODL / CCG / 25-26 / 100007331****ANNEXURE VI : Acceptance form for Participation in Reverse Auction Event***(To be signed and stamped by the bidder)*

In a bid to make our entire procurement process more fair and transparent, CCG intends to use the reverse auctions as an integral part of the entire tendering process. All the bidders who are found as technically qualified based on the tender requirements shall be eligible to participate in the reverse auction event.

The following terms and conditions are deemed as accepted by the bidder on participation in the bid event:

1. CCG shall provide the user id and password to the authorized representative of the bidder. *(Authorization Letter in lieu of the same shall be submitted along with the signed and stamped Acceptance Form).*
2. CCG will make every effort to make the bid process transparent. However, the award decision by CCG would be final and binding on the supplier.
3. The bidder agrees to non-disclosure of trade information regarding the purchase, identity of CCG, bid process, bid technology, bid documentation and bid details.
4. The bidder is advised to understand the auto bid process to safeguard themselves against any possibility of non-participation in the auction event.
5. In case of bidding through Internet medium, bidders are further advised to ensure availability of the entire infrastructure as required at their end to participate in the auction event. Inability to bid due to telephone line glitch, internet response issues, software or hardware hangs, power failure or any other reason shall not be the responsibility of CCG.
6. In case of intranet medium, CCG shall provide the infrastructure to bidders. Further, CCG has sole discretion to extend or restart the auction event in case of any glitches in infrastructure observed which has restricted the bidders to submit the bids to ensure fair & transparent competitive bidding. In case of an auction event is restarted, the best bid as already available in the system shall become the start price for the new auction.
7. In case the bidder fails to participate in the auction event due any reason whatsoever, it shall be presumed that the bidder has no further discounts to offer and the initial bid as submitted by the bidder as a part of the tender shall be considered as the bidder's final no regret offer. Any offline price bids received from a bidder in lieu of non-participation in the auction event shall be out-rightly rejected.
8. The bidder shall be prepared with competitive price quotes on the day of the bidding event.
9. The prices as quoted by the bidder during the auction event shall be inclusive of all the applicable taxes, duties and levies and shall be FOR at Discom site / store.
10. The prices submitted by a bidder during the auction event shall be binding on the bidder.
11. No requests for event time extension of auction event shall be considered by CCG.
12. The original price bids of the bidders shall be reduced on pro-rata basis against each line item based on the final all-inclusive prices offered during conclusion of the auction event for arriving at Contract amount.

Tata Power Company Ltd., in a joint venture with Govt. of Odisha manage the power distribution in the entire Odisha region through four separate entities for different regions - TP Central Odisha Distribution Ltd (TPCODL), TP Northern Odisha Distribution Ltd (TPNODL), TP Southern Odisha Distribution Limited (TPSODL) and TP Western Odisha Distribution Ltd (TPWODL). As per the joint venture Tata Power holds a majority stake of 51%. These Discoms jointly cater to a customer base of nearly 10 million spread across an area of close to 1.5 Lakh Sq Km.

Discom	Customer Base	Area in Sq Km	Customer Growth YoY
TPSODL	2500000	43000	50,000
TPWODL	2200000	48000	50,000
TPNODL	2100000	28000	1,00,000
TPCODL	3500000	30000	1,00,000
Total	1,03,00,000	1,49,000	3,00,000

1.2 Purpose of RFP

The purpose of this RFP is to invite OEM/ SI partners to help Odisha Discoms transition from the current CRM and CIS & Billing platform to an advanced, scalable platform with advanced data driven, AI and automation capabilities which are pivotal for our digital transformation journey. By adopting the new advanced architecture, we intend to have seamless and more efficient, error-free business operations, with the aim of providing the finest of experiences to our customers. With this transition, Tata Power Odisha Discoms are aspiring to achieve the below objectives.

- Cloud centric intelligent enterprise
- The proposed platform shall be agnostic to hosting platform. There shall not be any hard binding with any public cloud
- Enhanced and seamless system performance
- Highest data integrity
- More resilient audit trails
- Achieve simplified integrations to ensure agile, scalable, and real-time integrated system.
- Advanced capabilities and flexibility for self-sustenance
- Lower maintenance costs
- Faster resolution to product issues

- Establish a mechanism for data archival, retrieval and backup
- Real time operational insights
- App Automation (APM integration)
- Observability

2 Scope of RFP

Scope of this RFP is to procure and implement a solution (CRM, CIS and Billing) to manage the Discoms Customer Life Cycle processes from Customer On-Boarding to Dismantle – which includes, customer on boarding, connection management, revenue cycle management (reading, billing, collection), dunning and disconnection, theft & fraud management.

The solution is to be implemented individually for all four Odisha Discoms - TPCODL, TPNODL, TPSODL, TPWODL.

The core solution implementation should also ensure integration with Discom's other peripheral applications to have a tightly integrated solution architecture for a seamless performance-oriented operations.

Details of Existing (Legacy Systems)

Sr No	Discom	System Details
1.	TPCODL	SAP ISU/CRM, SAP ERP, Aspect Contact Center
2.	TPNODL/TPWODL/TPSODL	FG CIS, SAP ERP, Aspect Contact Center

2.1 Deliverables under the project

Sr. No.	Scope of Work
1.	Submission of AS-IS, To-Be and BBP Document
2.	Submission of HLD and LLD document of the solution
3.	Submission of End-to-end system architecture document and Integration architecture document
4.	Submission of Functional and Technical Specification Documents
5.	Development, Configuration and delivery of Solution (Development, Reports, Interfaces, Workflows, Enhancements, Forms etc.)
6.	Test script preparation, automation and execution
7.	Data Migration Templates and Script Execution
8.	Submission and Execution of Cut-over plan
9.	Go-live
10.	Post Go-live support (managed services of Application and Infrastructure)
11.	Submission of End User Manual and training materials
12.	Training to end users and power users
13.	End to end Program Management
14.	OEM Premium support to ensure OEM support on Product

15	Data Archiving
16	-Impact Analysis for upstream and downstream system -Support and coordinate for impact mitigation in upstream and downstream system
17	The proposed platform shall be agnostic to hosting platform. There shall not be any hard binding with any public cloud
18	Managing the infrastructure used for hosting the solution. The infrastructure shall be procured by Odisha Discoms separately and the same is not within the scope of this project. Infrastructure sizing should be provided considering the annual customer load growth.

- Bidder must provide all the supporting 3rd party software which it recommends for operation of the system, free of cost till the warranty period.
- The bidder shall provide 6 years onsite warranty after user acceptance of all supplied, installed, configured and commissioned system. Any software updates, upgrades, patches released till the completion of warranty period shall be supplied, installed and commissioned under scope of agreement / PO / RC. Training to Discom employees on new version of software from the OEM or OEM's certified training partner shall be arranged by the bidder. Bidder shall maintain the software on 24X7 basis during Warranty period as per agreed SLA.
- The Software licenses will be in the name of respective TP Odisha Discom.
- System will operate in English Language and should also be compatible to generate forms/ letters/ texts in Odia Language
- All components of the proposed solution should be of same OEM, offering seamless integration.

2.2 Project Timelines

Execution of project must start within 2 weeks from the date of issuance of Purchase Order. All milestones of the project must be completed in a timely manner in overall 9 months and followed by 3 months of post go-live support per discom

The partner to provide detailed project plan and schedule for this project, along with milestones. Partner may provide project timelines with optimized industry best practices.

3 Eligibility to Participate in this RFP

3.1 Qualifying Requirement

1. Annual Turnover of the bidder for the last three financial years should not be less than INR 10000 Crores for each financial year. (Copy of audited P&L account to be submitted).
2. Bidder should be OEM of the proposed CIS & Billing Platform or Certified System Integrator of proposed COTS Platform. In case the OEM wishes to participate through a channel partner (SI), necessary authorization to the partner (specific to this enquiry) to participate on behalf of OEM shall be submitted. However, OEM shall stand guarantee that in case, the channel partner fails to provide the necessary services as per the RFP, OEM shall provide agreed support against the contract during the entire warranty Period. The OEM shall submit MAF in this regard in favour of the SI.
3. The proposed COTS solution must have been implemented in minimum 2 Indian DISCOMS by the bidder. (Supporting documents to be submitted – Completion Certificate by the customer)
4. Tata power should have competency to manage the proposed solution on its own or the technical stack of the proposed solution shall not be proprietary.
5. The bidder must have registered office in India. (Relevant Document to be submitted)
6. The bidder must have a manpower of more than 5000 employees in the area of application and software division.
7. The bidder must submit a test report of the proposed solution capability to bill 4 million end point or more. (Self certification on letter head to be submitted)
8. Bidder (refer the definition below) should have experience of handling both application and infra managed service for mission critical application like bank/power utilities etc. (as applicable) in at least for 3 (three) customers in India which are presently operational in 24X7 service. In one of the implementation, No. of end point/ consumer catered through should be minimum of 1Cr.

*Bidder should produce relevant documents in above context

3.2 Evaluation Criteria/ Parameters

S No	Evaluation Criteria	Weightage	Documentary Evidence
		(%)	
1	Methodology and Approach: Understanding of the project and its objectives Detailed approach and methodology Proposed process improvements, templates, tools for an optimized solution, On Prem and Cloud agnostic Implementation and cutover plan time frame Architecture Principals, scalability, Deployment Model, Optimum Infra plan	35	Write-up note, Templates and tools, approach Presentation, Indicative project plan and timelines
2	Previous experience in implementation of CRM, CIS & Billing for power Distribution utilities. More than Five Implementations under five different state regulatory commissions – 10 Up to Five implementations under five different state regulatory commissions – 5	20	Supporting documents to be attached – (Work Order / Completion certificates/Invoice Copy / Undertaking/Confirmation by OEM on company letterhead). Relevant case studies to be shared. Also partner should be open to share the customer references in case we need it.
3	Previous experience of integrating the proposed Solution/ platform with below applications through standardized ESB tools:	20	Supporting documents to be attached - (Work Order / Completion certificates/Invoice Copy / Undertaking/Confirmation by OEM on company letterhead). Relevant

	• SAP ERP – ECC / S4Hana • Contact Centre Solutions • Data Lake/ BW platform • OT Technologies (OMS/ ADMS/ GIS) • Smart Metering Platform (HES/ MDM) • Mobile Application and FFA • Digital Communication Channels • Document Management System		case studies to be shared. Also partner should be open to share the customer references in case we need it.
4	Data migration Experience- integration from legacy to proposed solution with Data Migration.	15	Supporting documents to be attached - (Work Order / Completion certificates/Invoice Copy / Undertaking/Confirmation by OEM on company letterhead). Relevant case studies to be shared. Also partner should be open to share the customer references in case we need it.
5	Ability to deliver the project in time:	10	Partner certificate. HR Certified copy needs to be submitted. Proposed key resources' CVs need to be shared before project kick-off
	· Committed resources in this project who have experience in implementation and integration projects for Power Utilities		

Scoring of equal or more than 70% shall be treated as technically qualified bidders.

4 Scope of Work

4.1 Migration & Implementation Scope

Complete details of the existing CRM system, integrated systems, solutions, and modules that are integral part of this project are given in the Annexure 1. These all should be covered under this project scope without any exception.

Partner must study the existing environment in detail for proposing the comprehensive solution.

The scope includes managing the infrastructure used for hosting the solution.

4.2 Project Location

Tata Power Odisha, Bhubaneswar. Travel to respective discom location as and when needed at different stages of the project.

4.3 Manpower Requirement

4.4 Project Approach and Planning

The partner must develop a comprehensive, detailed approach and strategy for the project including, but not limited to the following (Partner may propose any alternatives, based on their strategy / methodology):

- Project Scope and Plan
- Overall implementation plan and work plan (in phases)
- BBP Documentation including Delta Changes (Configuration and Process)
- Five Mock plans – Dev, Test, Prod Environment (Dev for Unit Testing, Mock on Test)
- Migration and archival plan of data and attachments
- Document management plan
- Integration plan
- Comprehensive Testing plan
- Batch communication plan
- Creation of Test Scripts
- Provide Testing tool
- Comprehensive Training plan
- Cut over and commissioning plan
- Rollback plan
- Post Go-Live support model and plan

All developments must be compliant with security requirements, performance, ease of use for operations, administration, and management. Typically, industry standard methodologies should only be used.

Implementation partner shall submit a VAPT assessment report for all the developments. The report shall be authenticated by a CERT-In empaneled vendor.

4.5 Data migration

- Help to identify the data that requires cleaning before migration
- Map existing SAP/FG CRM data structures to proposed data models
- Review and update data governance policies to suite solution requirements
- Ensure data integrity and consistency post-migration
- Pre-defined data mappings to accommodate the data models
- Perform iteration tests to ensure data reliability
- Provide reports for data reconciliation
- Develop contingency plans to handle data consistency checks
- Establish data archiving strategy for historical data
- Facilitate validation & verification of master and transactional data along with attachment linkages in the converted Solution environment
- Document all data migration processes and issue mitigations, outcomes for all future reference
- Bidder to propose strategy for migration of historical data into warm data, cold date etc. to ensure no loss of old/ legacy data.
- All Open transactional data to be migrated to new production system as hot data.

4.6 Downtime Optimization

The following measures should be undertaken during the project to ensure that downtime is minimized to the extent possible:

- Comprehensive testing and timeline recording during the mock drills
- High-level view of all major activities from ramp-down through ramp-up
- Optimization of the migration process
- Development of an End-to-End Cutover Procedure
- Validation of End-to-End Cutover Procedure
- Named and confirmed resources for each activity in the plan
- Confirm that the migration will be completed within the allotted business downtime window which will be approved by the Tata Power Management during the project.
- Partner needs to facilitate business continuity for critical processes, like, arrangement of interim temporary services if required, where transactional data can be migrated to Solution platform

4.7 Testing Deliverables

Partner needs to share a comprehensive testing plan, which covers all kinds of testing desired at each milestone, phase etc. This needs to be discussed at each level of the project progress and make it comprehensive acceptance at each milestone.

Partner to work with Tata Power Functional and Technical team, current AMS partner team, and business core team to identify and document the test scripts / scenarios desired for the successful progress of each phase of the project.

Testing shall include, but not limited to the following (Partner may propose others, based on their strategy / methodology):

- **Unit Testing:** This will be performed post completion of migration /configuration of project system and Development System by the Partner. This will include technical and functional testing to be done by partner

- **Integration Testing:** This will be performed post completion of migration/ configuration of Project system and Quality system. This will include technical and functional testing and will be executed by partner, jointly with Tata Power team, and results will be recorded.
- **Regression Testing:** This will be performed post completion of migration/ configuration of Project system and Quality system. This will include technical and functional testing and will be executed by partner, jointly with Tata Power team, and results will be recorded.
- **Performance / Volume / Load Testing:** Bulk Testing will be performed by Partner along with core business and Tata Power users and D&IT team, using migrated Production data. Mass transactions will be run by users in the new Production system to check the performance of the end-to-end processes. Partner should provide specialized tools for this testing.
- **Quality Check Observations Fixes.** Partner will be responsible for remediation / recommendation of observations identified during quality check.
- **User Acceptance Testing (UAT):** This will be performed post completion of migration / configuration of Project System and Quality systems and formal testing. During this test cycle, test scripts will be executed by the business representatives jointly with Partner. It will be based on approved test scripts and results will be formally recorded. Deviations arising from formal tests will be recorded by Tata Power for resolution by the Partner.
- **Predefined test case template should be available with partner**

Partner needs to propose industry best testing tool suitable for this project. The agreed testing tools are to be deployed by the Partner and all test cases and test scripts need to be prepared and finalized in the testing tool in alignment with the project requirements. The necessary tool must be included in the BoM list for procurement by Tata Power.

4.8 Training

Partner must provide the detailed training program and methodology planned for imparting training and transferring the knowledge to Tata Power core team before, during and after the project. All training documents must be made available in electronic form as well as hard copy.

Training to end user will be in scope of the bidder. The training must be conducted onsite at specific Discom Locations.

Various training needs to be conducted at every level during different project phases. At least this should cover minimum below level but not limited to.

Level I - Training

Solution Overview training for each module. Basic concepts of Solution to be explained to the Core team in this training.

A separate executive training/session to be arranged by the Partner to all senior executives of the Tata Power for each module/function.

The training topics should cover the following aspects at the minimum, but the Partner may add topics as deemed fit:

- Solution architecture overview and proposed approach and methodology
- User interface configuration
- Customization of standard objects
- Data Management and modeling
- Document management linkage
- Database management
- Business automation
- Access controls
- Report and dashboard development

- Any new functionality implemented or configured under this project
- Testing tools usage, configurations, development or script creations, and integrations.

Level II Training

- These training courses are based on the business processes as they are configured in the system. This level of training is intended to provide an overview of the Solution oriented configurations of existing business processes or technical features in the Core Users area. This training shows the business and technical options available to the company and how to configure the system to meet the company's needs. This also includes the experience of users while using transaction launcher, Custom program developments, API integration. Training to supervisors / managers shall be included.

Train the trainer , End Users Training and Senior Management Training

Role-based training sessions to be designed by partner, to help the users gain confidence in executing or operating their day-to-day transactions using the SAP System.

Pre-recorded Video tutorial for every module should be available.

4.9 Cutover Activities, blackout period, roll-back and Go-Live Strategy

Partner must evolve and detail a comprehensive cutover strategy including cutover plan and final one including blackout periods for all business units along with roll-back strategy

4.10 Functional Requirements:

Below are the list of illustrative functional requirements. Actual functional requirements will be finalized at the time of Business blueprinting under implementation stage.

Module	Business Process	Requirement
CRM	Customer Account Identification	System should enable the users to search the customer account number based on Account Number, Mobile Number, E-mail ID, Meter Number, Installation number, address and other key customer attributes
	Alert Management	System should enable the providing alerts regarding the customer to the users based on pre-defined logic like VIP Customer, Payment Defaulter, Outage Predicted etc.

	Customer 360 View	System should enable a view to user where they can get all the information regarding customer on a single page. Information which must be available are Customer Profile Details, Meter Details, Reading Details, Billing Details, Consumption Details, Payment Details, Request Details, Complaint Details, Legal Details, Enforcement Details, Outage Details, Connection Details, Communication Details etc.
	Registration of Complaint/Request/Inquiry	System should enable a provision for users to register various (Commercial/Operational) complaints from CRM itself
	Spot Resolution	System should enable provision of certain Spot Resolution processes like triggering e-bill, sending links on WhatsApp, Extension of due date, Update of communication details (phone number, email) etc.
	Telephony Integration	System should be able to integrate with Contact Center solutions like ASPECT, CISCO etc.
Connection Management	New Connection Application Processing	System should enable the provision of supporting the new connection application processing. Following are the key steps in new connection processing.

1. Integration with Website, Customer Portal and Customer Mobile App
2. Document Submission and checking
3. Dues Verification and Dues Audit Management
4. Master Data Creation
5. Appointment Scheduling
6. Batch Allocation
7. Crew Management and Crew Tracking
8. Route Tracking
9. Site Verification and Integration with FFA
10. Demand Note Generation and posting (Upfront and in invoice)
11. Demand Note Payment Processing
12. Suspension/Cancellation Process
13. Consumer Hearing Management
14. Integration with Virtual Connect Module and Token Management for physical visit
15. Request tracking system (Integration with self serve options)
16. Error/Exception Management
17. Integration with PM and PS for scheme management
18. Integration with Metering Management
19. Integration with GIS system

		20. Integration with RPA Bots (Dues Checking, Duplication, Document) 21. Integration with Communication Channel (SMS, WhatsApp, Email) 22. Escalation Matrix 23. Report and Dashboards (PA, Regulatory & statutory authorities, MIS)
	Attribute Change Processing (Name, Load, Category, Solar/Net Metering etc.)	System should enable the provision of supporting the new connection application processing. Following are the key steps in new connection processing. 1. Integration with Website, Customer Portal and Customer Mobile App 2. Document Submission and checking 3. Master Data Creation/Update 4. Appointment Scheduling 5. Batch Allocation 6. Crew Management and Crew Tracking 7. Route Tracking 8. Site Verification and Integration with FFA 9. Demand Note Generation and posting (Upfront and in invoice) 10. Demand Note Payment Processing 11. Suspension/Cancellation Process 12. Consumer Hearing Management 13. Integration with Virtual Connect Module and

		Token Management for physical visit 14. Request tracking system (Integration with self serve options) 15. Error/Exception Management 16. Integration with PM and PS for scheme management 17. Integration with Metering Management 18. Integration with GIS system 19. Integration with RPA Bots (Dues Checking, Duplication, Document) 20. Integration with Communication Channel (SMS, WhatsApp, Email) 21. Integration with MNRE for Solar/Net Metering Process 22. Process for Net Meter/Virtual/Group Metering 23. Escalation Matrix 24. Report and Dashboards (PA, Regulatory & statutory authorities, MIS)
Meter & Material Management		System should enable following process with respect to Meter and Material Management.

1. Meter Rack Allocation
2. Meter Issuance process through batch allocation
3. Crew Management (Engineers, Van allocation)
4. Crew tracking system (Surprise Audit)
5. Goods movement and Gate Pass Management
6. Material reconciliation process
7. Meter and material management (Device and Device Category Creation)
8. Meter Testing and Meter Shifiting
9. Meter and material installation/replacement/r emoval/return process
10. Process to install multiple meters (Solar and Net Meters) in one go
11. Meter and material data management
12. Service Order creation with required materials (Meter, NIC, CTPT etc.) – Serialized and Non-serialized items
13. Consumption posting of serialized and non-serialized material
14. Protocol generation and upload
15. Master Data Quality check process
16. Error/Exception Management
17. Seal management
18. Vendor Management (Issued material

		issuance/consumption/reconciliation) 19. Van Audit Management (on safety standard) 20. Linking of all meter and other material services with consumer/internal notifications 21. Reference notification generation based on onsite inputs 22. Integration with FFA App 23. Integration with MDMsystem for ping the meter post smart meter installation 24. Integration with MM module 25. Intergration with ADMS/GIS for taking PTW (Permit to work) 26. Integration with Safety related processes (JSA Integration) 27. Integration with RPA Bots 28. Integration with communication channels (SMS, WhatsApp, Email) 29. Meter Image Analytics for First time right meter installation 30. Escalation Matrix 31. Report and Dashboards (PA, Regulatory & statutory authorities, MIS)
Meter Reading Management		System should enable following process with respect to Meter Reading Management. 1. Consumer walking sequence management

and cycle and sub-cycle management.

2. Reading master data include schedule recored, Meter reading unit,portion etc.
3. Meter reader batch allocation and crew management.
4. Meter reading unit change process.
5. Notification generation and execution process against the remarks/readings.
6. Reading data management (Reading Update and Reading Reveral process)
7. Reading quality checks and validations
8. Distribution transformer and feeder allotment
9. Reading through AMR, MDM,HHD, MRI instruments and SMRD
10. Integration with OCR solutions (Anyline, Corel etc.)
11. Image Analytics.
12. Mass upload of readings
13. Reading Correction Process
14. Provision to upload readings through Excel file
15. Integration with communication channels (SMS, WhatsApp, Email)
16. Reports and Dashboards
17. Theft analysis process.
18. Bill/letter printing process
19. Bill distribution and bill QC process.

		20. Meter reading and bill distribution agency handling process. 21. Reading reconciliation.
Revenue Billing Management		System should enable following process with respect to Revenue Billing Management.

		1. Billing Schema creation for all categories of customers 2. Provisional Billing 3. Rate Configuration 4. Manual Billing/Journal Entry (JE) 5. Billing Quality Checks and Validations 6. Execution of Billing Process and job scheduling 7. Retro Revision Process 8. Group Billing/Joint Invoicing 9. TOD Billing 10. Business Process Exception Management 11. Solar/Net Metering, Group and Virtual Billing 12. Peer to Peer (P2P) Billing 13. Assessment of Faulty and Burnt Meters 14. Enforcement Assessment and Billing 15. Integration with RPA Bots in release of BQC Stuck cases 16. Spot Billing and Integration with FFA 17. Prepaid Billing 18. Smart Meter Billing 19. Open Access Billing 20. Integration with MDM/FICA/FICO module 21. Report and Dashboards (Regulatory/Statutory/MIS)
Revenue Recovery Management		System should enable following process with respect to Revenue Recovery Management. 1. Recovery agency management

		2. Auto initiation of disconnection process for defaulting consumers 3. Dunning Management 4. Disconnection notices – normal energy bills and theft bills 5. Disconnection advice and feedback entry and action - normal energy bills and theft bills 6. Dismantling of connection and final bill. 7. Dues Transfer from one connection to other. 8. Remote Connect/Disconnect Command for Smart Meters 9. Integration with FFA app for managing site activity 10. Integration with communication channel (SMS, WhatsApp, Email)
Revenue Discipline Management		System should enable following process with respect to Revenue Discipline Management. 1. Request registration for theft cases and unauthorized use of electricity (UUE) 2. Request status and tracking including process related data entry. 3. User pendency 4. Follow up mechanism for existing requests 5. Billing for theft on load based assessed units 6. Billing for UUE cases on metred consumption 7. Recovery and collection 8. Transfer of theft bill dues to normal energy bill in case of non-payment. 9. Legal case tracking and management

		10. Integration with communication channels (SMS, WhatsApp, Email) 11. Reports and dashboard
Revenue Collection Management		System should enable following process with respect to Revenue Collection Management. 1. Cash Desk configuration 2. Payment Gateways Integration 3. Multi bill single payment, Multi-mode payment single bill, single bill single payment facility 4. Prepaid Token Generation 5. Cheque Bounce Process 6. Payments through bar code scanning and direct inputs. 7. Payment cancellation and adjustment for wrong transactions. 8. Offline payment 9. Payment through ECS and Payment gateways 10. Delayed payment surcharge calculation and waiver 11. Recording of collection item-wise 12. Part payment clearing rules 13. Collection reconciliation 14. Dunning/clearing and interest locks 15. Instalment plans 16. Outgoing payments 17. Integration with FICO 18. Security Deposit Interest Posting 19. LPSC Configuration 20. Reports and Dashboard (PA, Statutory, Regulatory)

Integration

CIS and Billing system should be seamlessly integrated with following systems:

1. SAP ERP
2. Contact Center Solution for CLI/CTI & Account Identification based on RMN
3. API Integration for IVRS/Chat Bot/E-mail Bot
4. Meter Data Management for Smart Meters reading & billing
5. ADMS for Outage Management
6. GIS for Network Hierarchy
7. Data Lake, SAP BW for Reporting and Dashboarding
8. Website, Customer App and Customer Portal for self serve options
9. FFA Apps for managing site activities – Connection Management, Metering Services, Connect/Disconnect, Theft, Site Survey/ inspection, Client Manager App, Power Outage Services,

		Reading, Billing, Collection, etc. 10. WhatsApp/SMS BSP for sending communications to the customers 11. MS Exchange for sending the emails to the customers 12. AI Based Chat/Voice Bot 13. RPA Bots for process automation 14. Missed Call Services 15. ESB (Enterprise Service Bus) like CPI/Boomi etc. 16. Prepaid Metering and Token Management 17. Spot Billing Interfaces 18. Payment Channels 19. Energy Audits 20. Document Management System (DMS) 21. Open Intergration platforms (Rest, SOAP, Sync, Async, File-based etc.)
Energy Accounting and Auditing		Meter data from various sources to be captured and report to be developed for displaying energy losses at following levels: 1. Grid to feeder 2. Feeder to DT 3. DT to consumer level
Document Management System		Solution should provide the provision to manage the scanned documents. 1. Storage 2. Managed filing 3. Easy additions and retrievals 4. Security 5. Distribution 6. Archival 7. Retention

Governance, Risk and Controls	Roles and Authorizations	System should provide the provision for 1. Defining the roles and authorization as per the SOD (Segregation of Duty) 2. Mass provision to assign roles to users 3. Audit trails for changes made at users level (roles related) 4. Compliance to IT GC and Other statutory Audits 5. Periodic user access review 6. Audit Compliance 7. Cyber Security Compliance 8. DPDP Compliance
General		System should provide the provision for 1. Creation and scheduling of background jobs 2. PA and Statutory Reports 3. Integration with Statutory bodies (State Govt, MNRE etc.) 4. Audit trail of each and every record (Master data and transaction data) 5. Availability of Dev, QA and Production system 6. Availability of HA system along with DR system
Data Migration	Tool to upload data from legacy system to new system	System should be able to perform: 1. Extract the data from legacy system 2. Templatize the data 3. Automated Upload the data into new system 4. Reconciliation of data migrated 5. Error/Exception Management

Data Archiving	Data Archiving	System should provide the solution for data archiving as per the archival policy
Customization/Configuration/Extensibility kit		System should be flexible enough to customize/configure the system, so that discom's trained consultant can do customization/configuration on itself. Customizing documentation should be submitted
Back-up		The proposed solution must include support from day one for air-gapped backup capabilities to ensure data resilience and protection against ransomware, cyberattacks, and insider threats

Overview of System Landscape

5 Post Go-live Support Management

Introduction

The bidder shall follow the Applications Operations L1/L2/L3 mode of support as defined by the standard ITIL Framework.

Typical L1/L2/L3 structure follows the definitions below. Competency and skillset for each of the below levels will depend on the categorization of the support structure. Once the same is determined, authorization and assignment of the support activities will be mapped to the respective levels (L1/L2/L3).

Level Support	1	The Primary objective of L1 support is to resolve incidents by referring to the available knowledge base. L1 support teams usually use a knowledge base to store and maintain incident resolution procedures. Any Investigation required for providing resolution or for selecting the best fitting solution to apply for resolution is out of scope of L1 support
Level Support	2	The primary objective of L2 support is to perform investigation to determine the resolution for incidents for which procedural solutions are not available. The resolution could involve detailed investigation of system logs for troubleshooting, checking database entries, e.t.c and coordinating with support team of the interfacing systems, Analysing application code and making code changes/bug fixes for resolution, is out of scope of L2 support
Level Support	3	The primary objective of L3 support, also known as expert-led support, is to perform complex investigations for incident resolution. For such incidents, either the procedural solution are not available or investigation done by L2 team are not conclusive . L3 team typically required in-depth knowledge of application/ system and business domain. Changing code and doing bug fixes for resolving incidents is also in scope of L3 support.
Release based enhancement		Handles feature enhancements as well as “non-critical code and data fixes”. Bundles multiple changes into a release, for delivery and deployment. The objective is to perform code and data changes correctly and as per schedules agreed upon. Critically as is decided by the customer.
Non-Release based enhancement		Non-Release Based Enhancements refer to Config Changes Only.

The scope of work for L1/L2/L3 team involves the following responsibilities to be performed by the selected bidder:

- Application Support and Operations
- Capacity Planning
- DR Support
- Operational Readiness
- Performance Management
- Continuous Improvement
- Discom End User Support (E.g. Operational reports)
- Infrastructure and Cyber Management Support

5.1 Application Support and Operations

Activities will include L1 and L2 Application support and work towards Continuous Improvement over a period of time. Major Problems requiring code level analysis and rectification at code level will be passed onto the development team.

5.2 Event Management and Monitoring

Event management generates and detects notifications, whilst monitoring checks the status of components even when no events are occurring. Events may be detected by a process sending a message/alert, or by a management tool. Event management and monitoring can also be manual in situations where automation has not yet been deployed.

An event may indicate that something is not functioning correctly through monitoring processes, leading to an incident being logged. Events may also indicate normal activity, or a need for routine intervention such as changing a tape. Event management depends on monitoring, but it is different.

After an event has been detected it may lead to an Incident, Problem or Change, or it may simply be logged in case the information is needed.

Response to an event may be automated or may require manual intervention. If actions are needed then a trigger, such as an SMS message or an incident being automatically logged, can alert support staff.

Activities carried out:

Application level monitoring of all applications and their interfaces with other systems including databases, middleware and servers on which this applications are running for availability and performance

5.3 Application DBA Support

Data Reconciliation, Jobs Scheduling and Batch Management
Automation

DB purging, Build Deployment, Production fixes
 Augmentation of Hardware
 Network element related requests that require configuration changes

5.4 Governance and Reporting

- Coordination with Tata Power users, other stakeholders & Network teams for resolution of issues
- Downtime planning, co-ordination and communication with all stakeholders.
- Defining the proactive alerts and interfacing with monitoring tools
- Monitoring batch Jobs, Queues, schedulers, reports etc. through a tool separately provisioned for each instance
 - monitoring CPU, memory and disk space utilization on servers
 - monitoring URLs, Java Schedulers, DB Jobs, Unix Cron Jobs, Log Files
 - add/delete/modify existing KPIs from time to time as per business requirement.
 - handling all monitoring related tickets generated via a standard SM tool (Remedy / Helix) and ensure closure of all such tickets within agreed TAT
 - Regular weekly/monthly review of daily/weekly/monthly trends on monitored tickets/alerts and come up with concrete measures to reduce such tickets/alerts on on-Going basis.
 - Regular review of escalation matrix to ensure SMS/EMAIL/Tickets are reaching the intended support personnel.
- Application specific mount points will be monitored by the System Admin/DBAs.
- Jobs Scheduling & Alert Monitoring

Job scheduling involves automation of all critical processes, batch jobs, cron jobs, database jobs, file transfer jobs or any such regular activities which can be better managed and monitored through automation. This exercise may involve working with a custom developed/standard tool for such automation.

Alert monitoring would involve 24X7 monitoring, for all the configured business processes against defined threshold for any potential breach. Alerts can be configured via SMS/Email or ticket in any service management tool.

Activities carried out by L1 Team

- Identify ideal candidate jobs for automation.
- End to end management of the monitoring tool and scheduled jobs on day-to-day basis
- Escalation and alert clearing within defined TAT.
- Tool configuration and other admin activities to support tool lifecycle.

- **Activities carried out by L2 Team**

- Installation & Configuration and Admin Support of the monitoring tool
- Setting up the tool environment with user accounts and other access/privileges
- Configuration/ testing/go-live for all candidate jobs.
- Migration of the jobs /tool to new hardware
- Addition/Deletion/modification to the existing jobs
- Report generation and dashboard creation

5.5 Incident Management and Resolution

Incident management aims to analyse & resolve all production incidents within specified time frame depending on the severity (as defined & agreed with Tata Power) and minimise the adverse effect on business operations, thus ensuring that the best possible levels of service quality and availability are maintained.

- Activities carried out by the L1/L2 Team include Analysis and resolution of all production incidents within specified timeframe
- Provide resolution/workarounds for Severity 1,2 and 3 issues as per the SLA defined.
- Doing RCA for all S1 and S2 Incidents
- Escalating Severity 1 (S1), severity 2 (S2) and Severity-3 (S3) incidents to all concerned as per escalation process as per defined escalation matrix, which is mutually agreed through mail, SMS, Phone call and organize con call immediately with all stake holders.
- Giving regular updates on S1, S2 and S3 issues to the stakeholders concerned. Cause for repeated issues to be tracked with issue tracker for fixing.
- Initiate calls from stakeholders for all critical issues
- Engaging with other IT and Technology Partners for Issue resolution.
- Escalation support in the Partner organizations as and when required to meet the TAT. Liaising with Infrastructure Team for Issue Resolution
- Failed Batch Job, scheduler, queue re-processing to ensure the business delivery as per SLA.
- Attending planned and unplanned outages and associated communication to all stakeholders.
- Providing clarifications to users

- VC / Conference call with Tata Power Discom business team by Support supervisor along with relevant SMEs and maintain/publish MoMs/actionable items.
- This L1 team will ensure smooth communication with users requiring follow-up and additional updates on the status of their tickets
- Follow-up for tickets resolution till closure and time to time update to Tata Power Discom SPOC
- Facilitate understanding gaps/performance issues, reporting, etc.
- Coordinate for UAT post build rollout.
- Communicate all planned or unplanned downtimes to all stakeholders, along with detailed business impact post due approvals
- Review of user's id for addition/deletion (who left or idle for last 3 months) and coordinate to take necessary actions.

Request Fulfilment of Service Requests

A Service Request is request from business users to execute ad hoc:

- Business transaction,
- Data correction or data changes,
- Ad hoc configurations or configuration changes
- MIS requests
- Old Data Extraction
- User ID management – Assignment Roles & Authorizations based on change in hierarchy/transfer

Some examples of Service Requests are:

- Prepaid Recharge: - Recharge Payment done however wallet balance not updated.
- Reconnection / Disconnection: - Request for retriggering RC/DC due to expired earlier request.
- Prepaid Billing: - Midnight data availability related issues for Billing etc
- One time data extraction as per need

5.6 Problem Management

Problem Management maintains information about problems (incidents) and the finds appropriate workarounds and resolutions, so that the operations are able to reduce the number and impact of repetitive incidents over time.

L1/L2 team will carry out the following activities.

- Trend analysis on recurring incidents
- Categorizing & providing work around for resolutions & defects
- Preparing the RCA document (with the help of other partners where required)
- Tracking and closing RCA action items for permanent resolution within agreed timelines.

- Constantly monitor till deployment & closure of problems for non-reoccurrence
- Participating in the review meeting for RCA & action item implementations

5.7 Change Management

Change request shall include development of a new functionality, integrating a new system, creating a new UI to incorporate a process change, any other major change incorporated as mutually agreed. Data Changes and Requests, production defect fix, continuous improvement, configurations (tariff changes, other configurations), performance tuning, etc. **would not be** part of Change request. Changes which are part of overall utility product functionality **will not be** considered as Change Request e.g. GST related Changes, Net-Metering related changes etc.

Change Requests can be of two types:

- Minor Change Requests: Any Change Requests which will involve ≤ 3 Man Days will be handled by the bidder without any additional commercials.
- Major Change Requests: Any Change Requests which will involve > 3 Man Days will require additional commercial commitment from Tata Power to bidder as per mutually agreed skill-based rate card.

Both major and minor change requests will be governed by a delivery SLA based upon mutually agreed delivery dates specific to individual Change Requests. Change requests will have quarterly man hours fixed per Discom as a CR bucket (as mutually agreed between bidder and Tata Power). CR bucket will have designated man hours fixed for change requests without any additional commercials from Tata Power (minor change requests). Such change requests will be part of the managed services scope. Rest of the man hours from the designated hours of the CR bucket shall require additional commercial commitment from Tata Power to the bidder as per mutually agreed skill-based rate card. Unused hours from one Discom CR bucket is transferrable to another. Unused hours from one quarter bucket will be carried over to the next quarter for all Discoms.

5.8 Governance and Reporting

- Providing operational status reports as mutually agreed/ as & when required
- Regular Operations Project Management Reviews internally by bidder as well jointly by bidder and Tata Power.
- All SOP should be designed, reviewed by bidder and approved by Tata Power should be made part of the deliverables
- Review of all SOPs should be conducted at mutually agreed frequency even if there is no change in the SOP.
- Track SLA metrics and share analysis and reports.

- Attend weekly review meetings.
- Ad hoc data requirements from the business users
- Application related data required for various audits performed in Discoms (e.g ISO 27001, ITGC etc.) shall be provided by bidder

The scope also includes:

- System driven User Access Management with logs and artefacts as per ITGC guidelines:
 - i. User access provisioning
 - ii. Super / Admin user Access
 - iii. Critical / sensitive Basis user access
 - iv. User separation related changes
 - v. Security parameters
 - vi. OS/DB access control (Super users)
 - vii. Periodic user access review with seamless automated follow up actions as per ITGC guidelines:
 - System driven change management with logs and artefacts
 - i. Changes to Application Program / Configuration changes
 - ii. Developer Access
 - iii. Segregation of environment (QA / DEV / PRE-PROD /PRD) and deployment through environments
 - IT Operations as per ITGC guidelines with logs and artefacts:
 - i. Back up and Restoration
 - ii. Batch/Schedule monitoring
 - iii. BCP/DR functionality

5.9 Miscellaneous Activities

- Postproduction Build Deployment Sanity Testing
- Sanity testing of fixes after production deployment and monitoring results.

- Sanity testing post any surrounding system activity with possible impact on application and results to be shared with Tata Power

5.10 Operations Support Framework

The bidder would follow the well-defined ITIL framework for Services Delivery as shown below. The framework would be aligned to the IT policies and processes.

SLA Management and Reporting

Ops Team will maintain SLAs as per definition with following assumptions:

- 1) Planned downtime and rollout activity is excluded from SLA calculations.
- 2) Delay caused by any third party outside the control of bidder is not counted in resolution time and SLA calculation.

Out of Scope

The following areas and activities will be out of scope.

- Management of projects being delivered by any 3rd party vendor.
- Maintenance of tools developed or used by Discoms which are not part of bidder's Platform.
- Network latency issues at the Utility location (However, necessary bandwidth requirement shall be provided by bidder)
- Any application which is not listed in the scope section
- LAN/WAN support
- Local PC, desktop, printer related issues
- Exchange Support

5.11 Database Support

DBA Support to Application Support Team

- Monitoring of long running sessions, DB locks, wait events, table spaces and CPU, memory and other DB parameters.
- Configuration of mail alerts on all the databases for DB Details, Locks Details, Table space Alerts and Alert log errors.
- For DB, L1/L2 will carry out application sanity testing on each release
- Provide support on defining the KPI which needs to be monitored with details.

- Analyze and provide recommendations for SQL Queries like (index creation and modifications in SQL statements)
- Address database related issues with workaround / permanent fix
- Purging of data as per data archival and retention policy and publish pre & post purging details.
- Refreshing and revising purging policy as and when CR deployment happens.
- Provide detailed analysis on System Housekeeping activities like index, defragmentation etc and set alert on various thresholds to avoid any issue.
- Supporting for down time activities, and validation of activity once done.
- Monitor and publish database performance as and when required.
- DBA Support will be 24x7.
- Support development team members for fine tuning of queries and trouble shooting.
- Proactively communicate all planned and unplanned downtime/issues to MIS and Operation team for onward communication to circle users.
- Formal reporting to Tata Power SPOC on the daily activities carried out and issues faced with resolution.
- Defining alerts (SMS / Email) for critical database objects and monitors the same for 24*7. Also interface these alerts or define the script require to interface with monitoring tool.
- Ensure from application perspective DB server Utilization is under threshold.
- Ensure smoother month-end activities.
- Regular review of databases, queries, health checks etc.
- Follow escalation matrix for service restoration and Delivery on an issue related to DBA support
- DBA activity in case of challenges in SQL performance
- Periodic data movement from production to alternate DB to sustain future growth of data.
- Continuous Improvement & automation of day to day activities

Other DBA Activities

- Prepare DBA report, DBA Dashboard Sheets
- Participate in meetings, escalation calls.

- Conducting Internal training Documentation

5.12 Technical Currency

The bidder will perform the impact analysis activities required for version upgrades of the environments such as DB, OS, middleware etc. to ensure environments are upgraded to ensure technical currencies. Any development activity required in the applications to enable such version upgrades / performing POC shall follow the normal change request process.

5.13 System Security Health Checks

Once every quarter, the bidder will perform security health checks for the production, development and staging systems hosted at Data Center. The health check activity will include the following.

- Reviewing the configuration of the Operating Systems, Web Application Servers and Databases against approved system hardening checklists provided by Tata Power Infra Team.
- User ID, Role & Access management ensuring compliance to ITGC
- One-time complete firewall review followed by subsequent review of updates
- Patching
- Antivirus Management review
- Change Management review.

The bidder will report to Tata Power any exceptions where the production systems' configuration has deviated from the approved system hardening checklist. The bidder will be responsible for remediating the reported exceptions. The bidder will coordinate the remediation activity and provide periodic updates to Tata Power-. Security health checks will be performed during the last month of each quarter.

5.14 CI/CD – Release Management

Release management using CI/CD tools involves leveraging various software tools and automation to manage the deployment and release process efficiently. CI/CD tools facilitate continuous integration and continuous deployment, streamlining the entire software delivery pipeline. The following tools are involved in release management.

- Version Control: Version control is used to manage changes, branching, and merging of code on a continuous basis as small features are being built.
- Continuous Integration (CI): CI tools can trigger automated builds and tests whenever new code is pushed to repository with help of built in hooks.
- Artifact Management: CI/CD tools are integrated to various artifact repository which helps in managing artifacts during the build process.

- Continuous Deployment (CD): CD tools help to deploy applications to various environments like development, testing, staging, production etc.
- Configuration Management: Tools help in managing and automating configuration of servers and applications across different environments.
- Release automation: Tools and plugins available along with CI/CD tool help to plan, schedule and manage releases across different stages.
- Monitoring and Observability: Monitoring tools like Prometheus, Grafana, APM tools help to monitor application performance and health. This provides feedback for improvements and issue resolution.

5.15 Environment Management

Following Environments be part of this engagement

- The bidder will set-up and configure the applications on Dev, SIT, UAT, Preprod, Prod environments including required integration with relevant applications

The following Activities are performed:

Coordination with all concerned for getting servers configured, creation of database and necessary environments.

- Provide details of application Installation and configuration on servers.
- Pointing the application to database provided by Tata Power.
- Environment Sanity testing
- Refreshing the environment periodically
- Consistent maintenance and purging of environment and database.
- Non-production environment upkeep, maintenance, and upgrade
- SIT / UAT / Pre-Prod environment setup.
- Documentation including set up details.
- Monitoring Cost Control and implementing required measurements

Assumptions

- The bidder will follow Tata Power guideline under the aegis of GoI DPDP act for data privacy in lower environment (dev, SIT, UAT) and PROD
- The bidder's platform will enable the data privacy compliance wrt proposed Software & applicable business application as per present business need of Data Privacy act.

5.16 Capacity Management

- The bidder will be responsible for capacity planning for the concerned Platform. Tata Power will provide the bidder's team the business transactions projections for a mutually agreed period.
- Automation of Service Capacity related data/volumetric feeds
- Providing inputs and attending Weekly and Monthly meetings for service capacity
- Quarterly Review for existing service capacity services

5.17 Performance Management

- The bidder shall be responsible for Application performance and monitoring.

5.18 DR Support

- DR drill is performed to check readiness of application at DR site for ensuring business continuity during disaster. The bidder's team will conduct DR Drills as per defined RPO/RTO and ITGC guidelines. .
- DR scope will also include supporting reverse auto sync-up post completion of activity.

5.19 Continuous Improvement

L1/L2/L3 Team will recommend improvements from time to time. The suggestion will be reviewed jointly with Tata Power. On acceptance by Tata Power, the suggested improvement will be implemented by the bidder.

5.20 Infrastructure and Cyber Management Support

A. Provisioning Support

The provisioning support provided by the bidder shall cover provisioning resources through CICD pipeline and pre-created and approved deployment templates for services.

B. Infrastructure Management Services

shall include below:

Service	Scope	Deliverables & Frequency

OS Support	Server Management – VM , OS Installation, Patching, Update, Upgrade, Observation closure etc., Server Hardening The bidder shall provide support for the OS management, Housekeeping activities, OS level security hardening per the Information Security guidelines and requirements, Network – Network Management within the bidder's platform Infrastructure, Storage Management, Performance fine Tuning & Management	
Monitoring & Observability	Virtual Machine • Monitor VM performance with necessary metrics. • Network • Monitor VM network security. Log Management • Using logging account to store logs. • Enable Log Management and maintain corresponding dashboards.	Frequency • Daily & Weekly Deliverables • Daily & Weekly Monitoring Report
Patch Management	• Manage Patch Management for Virtual Machines • Follow Tata Power's Change Management process for rolling out to production environment. •	Frequency • Monthly Deliverables • Patch Management Report
Business Continuity	Backup • Maintain and Manage Backup Policies. • Monitor Backup Status and remediate in case of failure. DR • Maintain and Manage a DR Environment	Frequency • Weekly Deliverables • Backup & DR Replication Status Report

	• Monitor Replication Status & remediate where needed • Provision Required Support for DC & DR replication • Support DR Drill as per defined schedule	
Capacity Planning	• Support Customer Application teams with Capacity requirement based on Volumetric and Utilization needs to be shared. • Provide Right-Sizing support for existing workloads	Frequency • Once in Six Months
Server hardening	• Follow and Implement as per Tata Power defined server hardening process.	Frequency • Quarterly
Database Management	System Database Administration activities • Database Management and maintenance • Performance management & Fine tuning • Provision Database and File System Backup •	
InfoSec	Incident management for Security Operation Observation closure raised by SOC	As and when

C. Cyber Security

- Infrastructure Security Patch Management
- On-Prem Infrastructure Hardening
- Protecting underlying OS from Malware/Viruses
- Application Vulnerability Assessment and Penetration testing before Go Live for each Discom
- Application Vulnerability Assessment before any change request release
- Static Application Security Testing

- Security Incident Remediation.
- Application Server Hardening
- Database Hardening
- Load Balancer Security Hardening verification
- Secure HTTP Protocol based implementation
- Install SSL Certificate at Load Balancer
- Storage Security Management
- Identity and Access Management
- PII Data Masking at Database Layer as part of Data Privacy
- Sensitive data Encryption verification
- PII Data Encryption when data in transit
- Thread Management and Third Party Audit Support

Audit and Monitoring rights – Tata Power can engage Third-Party auditors to review bidder's platform and bidder must support for the same.

Additional Points;

- a. Data Protection and Privacy - Sub-Pointers - Compliance, Data breach notification and cross-border transfer if any.
- b. Contractual Obligations - Sub-Pointers - Indemnity (The bidder's liability in an event of security incident) Since DPDP laws are stringent - indemnification clauses for breaches must be included along-with Termination Clauses.
- c. Security Standards and Certifications - Evidence of compliance, such as audit reports or certification documents.
- d. Risk Assessment and Due Diligence - Mandate pre-contract Risk Assessment to validate the bidder's security posture for the bidder's platform and periodic assessments.
- e. Data Retention and Destruction
- g. Sub-Contract Management – The bidder must ensure that their subcontractors, if any, comply with the same legal and security standards. The bidder must seek approval from Tata Power before engaging sub-contractors on Tata Power project.

6 Service Level Agreements (SLA)

6.1 Incident and Service Request SLA

Service/ Incident Level SLA

S.No	Incident Criticality	Definition	Response Time	Resolution Time	Remarks	Penalty for non compliance (To Be Decided)
1	Severity-1	Any defect in the System attributed to the bidder's Applications & Interfaces deployed for Tata Power that results in serious loss or degradation of service or serious loss of functionality to Tata Power business or operations (System is not available for key processes/sub processes like Billing, Collection, CRM etc.).	30 Minutes	2 Hour	The Severity level may be re-assessed after implementation by mutual agreement	5% of total managed services cost for the concerned period in case of any violation
2	Severity-2	Any defect in the System attributed to bidder's Applications & Interfaces deployed for Tata Power which prevents the timely and/or proper completion of a key business and operational process i.e., some part of the System is unavailable (Reports are generated very slow, API response times are high, latency is high)	30 Minutes	16 Hours (Work around to be provided within 8 Hours)		3% of total managed services cost for the concerned period in case of any violation
3	Severity-3	Minor errors, non critical problem for which work around	30 Minutes	48 Hours (Work around to be		1% of total managed services cost

		exists, not impacting major business operation		provided within 24 Hours)		for the concerned period in case of any violation

During blueprinting stage, mapping of use cases with severity level shall be listed down and agreed upon between Tata Power and bidder.

Support Window

Severity Level	Support Period
Severity-1	24X7
Severity-2	8 AM to 8 PM, Monday to Saturday, On Call Support 24X7
Severity-3	9:30 AM to 6:00 PM, Monday to Saturday

Extended support during month end. In line with business working hours. Key resources being available after business hours also for month end and year end support.

6.2 Business SLA

Penalty will be as per defined severity.

SI No	SLA Parameter	Unit / Measure	Target SLA	Remarks
1	Meter Reading Ingestion	"x%" of meter readings successfully ingested in first attempt	>=98%	Submission of meter readings in any form (UI, via API, bulk upload etc.). Capturing implausible readings under Reading Quality Check is also a successful outcome of the process.
2	Bill Processing	"x%" of bills successfully processed in first attempt	>=98%	Bill Processing on valid meter reading (including bill revision). Capturing implausible bills under Billing Quality Check is also a successful outcome of the process.
3	Bill Invoicing & Printing	"x%" of bills successfully invoiced and printed in first attempt	>=98%	Printing may include pdf generation, creating flat files for outsourced printing etc.
4	Payment posting	"x%" of payment transactions posted successfully in first attempt	>=99%	Payments may be initiated from UI, API, Bulk upload etc.

5	Meter Installation	"x%" of meter protocols posted successfully in first attempt	>=98%	For new meter installation, meter replacement and meter removal
6	Dunning	Dunning completed successfully for "x%" customers at first attempt	>=98%	
7	Smart Meter Disconnection	Disconnection successfully completed for "x%" customers at first attempt	>=99%	1) MDM receives disconnection initiation from bidder's platform. 2) Acknowledgement from MDM recorded successfully at bidder's platform 3) Status update from MDM recorded successfully at bidder's platform 4) Customer status successfully updated at bidder's platform
8	Smart Meter Reconnection	Reconnection successfully completed for "x%" customers at first attempt	>=99%	1) MDM receives reconnection initiation from bidder's platform 2) Acknowledgement from MDM recorded successfully at bidder's platform 3) Status update from MDM recorded successfully at bidder's platform 4) Customer status successfully updated at bidder's platform
9	Complaint Registration	"x%" of complaint registered successfully in first attempt	>=99%	Complaints may be registered from various sources e.g. CRM UI, Customer App, Social Media Channels, other custom applications
10	Complaint Status Update	"x%" of complaint status updated successfully in first attempt	>=99%	Status update may be from various channels e.g. CRM UI, Utility Apps etc.
11	Prepaid Wallet Update	Successful prepaid wallet update for "x%" transactions at first attempt	>=99%	Trigger for update may be daily prepaid bill simulation in prepaid engine, top up of wallet by customer via payment through any available channel, adjustments passed during monthly reconciliation etc.
12	New Connection Application Registration	Successful new connection application registration for "x%" applications at first attempt	>=98%	New connection application submission may be from various sources e.g. CRM UI, third party portal, customer app etc.
13	Change Request Registration	Successful change request application registration for "x%" applications at first attempt	>=98%	Change Request application submission may be from various sources e.g. CRM UI, third party portal, customer app etc.
14	Document Verification	"x%" of Workflow movements from nth stage	>=98%	

	Dues Verification	to n + 1 in first attempt on successful submission of details in the nth stage of application		Submission after nth Stage Processing in UI/bulk upload etc.

	GIS Feasibility Check			
	Scheme Estimation			

6.3 Quality SLA

S.No	SLA Name	SLA Purpose	Calculation	Reporting Periodicity	SLA Target	Remarks	Penalty (To Be Decided)
1	Customer Satisfaction Survey Response	To ensure quality of services provided to the business users are as per the defined and accepted standards	Out of responses received against customer satisfaction survey conducted periodically, more than 85 % should be above average responses(7 to 10 in a 10 point rating)	Half Yearly	85%	TATA Power & bidder will jointly create a Template to do the survey. Customer CSS and Feedback will be separate.	2% of total managed services cost for the concerned period
2	Key Staff Retention	To ensure key resources deployed for the engagement continues for a longer duration of time	No of identified key resources moving out from the engagement	Half Yearly	100%	Tata Power & bidder need to mutually agree on a Template to measure it.	2% of total managed services cost for the concerned period
3	Staff Handover	Adequate staff handover is performed	Number of personnel provided two week handover/total no of personnel joined during the quarter	Quarterly	90%	Tata Power & bidder need to mutually agree on a Template to measure it.	2% of total managed services cost for the concerned period

6.4 Change Request Delivery SLA

S.No	SLA Name	SLA Purpose	Calculation	Reporting Periodicity	SLA Target	Penalty on defaulting SLA (To Be Decided)
1	Minor CR Delivery	To ensure delivery of Minor Change Requests within mutually agreed dates	Total number of minor change requests delivered within time/Total number of minor change requests	Monthly	95%	5% of the concerned CR cost
2	Major CR Delivery	To ensure delivery of Major Change Requests within mutually agreed dates	Total number of major change requests delivered within time/Total number of major change requests	Monthly	95%	5% of the concerned CR cost

***Maximum penalty against any managed services invoice shall be 5%**

6.5 Escalation Matrix during Managed Service

Escalation Level	Bidder	Tata Power
1	Program Manager	Respective HoG-IT Customer Service, D&IT Shared Services
2	Service Delivery Manager	Head-IT Customer Service, D&IT Shared Services
3	Delivery Head	Chief-Delivery & Operations, D&IT Shared Services
4	Platform Head	Chief-D&IT, T&D Cluster, Tata Power Company Limited

1.0 ORGANIZATIONAL VALUES

The Tata Group has always been a value driven organization. These values continue to direct the Group's growth and businesses. The Six core Tata Values underpinning the way we do business are:

Integrity - We must conduct our business fairly, with honesty and transparency. Everything we do must stand the test of public scrutiny.

Understanding - We must be caring, respectful, compassionate and humanitarian towards our colleagues and customers around the world and always work for the benefit of India.

Excellence - We must constantly strive to achieve the highest possible standards in our day to day work and in the quality of goods and services we provide.

Unity - We must work cohesively with our colleagues across the group and with our customers and partners around the world to build strong relationships based on tolerance, understanding and mutual co-operation.

Responsibility - We must continue to be responsible and sensitive to the countries, communities and environments in which we work, always ensuring that what comes from the people goes back to the people many times over.

Agility - We must work in a speedy and responsive manner and be proactive and innovative in our approach.

2.0 ETHICS

In our effort towards Excellence and in Management of Business Ethics at TPCODL, an Ethics Management Team is constituted.

The main objective of the Ethics Management Team is to:

1. Record, address and allay the issues and concerns on ethics raised by different stakeholders like employees, consumers, vendors, Associates etc. by initiating immediate corrective actions.
2. Ensure proper communication of the ethics policies and guidelines through prominent displays at all offices of TPCODL and through printed declarations in all concerned documents where external stakeholders are involved.
3. Ensure proper framework of policies as preventive measures against any ethics violation recorded by them.
4. Prepare and submit MIS of all issues and concerns, corrective and preventive actions on monthly basis to the top management for their information.

All members of Team TPCODL, Associates and Stakeholders are requested to submit any grievance on ethics violation to Mr. Rajeev Kharyal, Chief Ethics Counselor.

- Immediately discontinue further service/work and supply of materials of those services/materials/work specified in the suspension notice for service /composite contract
- Promptly make every reasonable effort to obtain suspension, upon terms satisfactory to TPCODL, of all orders, outsourcing arrangements, and rental Contracts to the extent that they relate to performance of the portion of Work suspended by the notice.
- Protect and maintain the portion of the service/Work already completed, including the portion of the Work suspended hereunder, unless otherwise specifically stated in the notice.
- Continue delivering/carrying out the supply/service/work items as per contract conditions, which do not fall under purview of the suspension notice.

On receipt of resumption notice from TPCODL, the Associate shall resume execution of contract as specified in the resumption notice, within the time frame specified in the resumption notice,

23.2 Suspension for Breach of Contract conditions.

TPCODL shall suspend execution of whole/or part thereof the contract till such time Associate complies with the conditions stipulated under section clause 27 for breach/default of contract conditions.

23.3 Compensation in lieu of Suspension

If the suspension of the contract in whole or in part is for convenience of TPCODL and not due to any breach of contract conditions by the associate, TPCODL at its discretion shall consider compensating all reasonable additional costs incurred by Associate in lieu of suspension of whole or part of contract, on representation of the Associate providing justified estimates of such additional costs and such estimates are found acceptable and approved by competent authority of TPCODL.

If the suspension of contract in whole or part thereof is due to breach of contract conditions (refer clause 24.3) by the Associate, Associate shall not be entitled for any compensation for any cost incurred in lieu of suspension of whole or part of contract and also shall be liable for compensating all the losses arising to TPCODL in lieu of suspension of contract. Resumption notice shall be subject to the Associate taking corrective action for the breach of contract conditions within the time frame and as per the terms specified in the suspension notice.

24 TERMINATION OF CONTRACTS

24.1 Termination for Default/Breach of Contract

The contract / PO shall be subject to termination by TPCODL in case of breach of the contract by the Associate which shall include but not be limited to the following:

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 30 of 104

- a. Withdrawal or intimation by the Associate of its intent to withdraw or surrender the execution / completion of the contracted work /PO or failure in ensuring adherence to any delivery schedules, in deviation of the contract/ PO.
- b. Refusal or neglect on the part of the Associate to supply material/equipment of quantity or quality as specified by TPCODL and within the timeframe as specified in the contract document or refusal or neglect to execute the services/work in terms of the agreed standards of quantity or quality and/or within the timeframe specified in the contract/PO.
- c. Failure in any respect to perform any portion of the Work contracted with promptness, diligence, or in accordance with the terms of the contract.
- d. Failure to furnish guarantees as specified and /or failure to comply with the terms thereof.
- e. Failure to furnish such relevant documents or information within the time specified which may be necessary for due execution / completion of the works and documentation.
- f. Liquidation, bankruptcy either voluntary or involuntary OR entering into any composition or compromise with its creditors, or Insolvency.
- g. In case any reasonable information has been received by TPCODL that Associate has adopted/ or attempted to adopt any unethical conduct, action in award of the contract /PO or at any time thereafter.
- h. Failure to comply with applicable statutory provisions as contained in the contract or failure to comply with the applicable laws.
- i. Failure to comply with safety regulations/clauses stipulated in the contract or as may be generally instructed by TPCODL.

If the default or breach as specified under clause 24 (except sub clause g thereof) be committed by the associate for the first time, TPCODL shall issue, along the with notice of default or breach, a warning notice instructing the associate to take remedial/corrective action within the time frame stipulated in the warning notice and not to repeat the same in future. The timeframe for corrective action by the associate shall be specific to the nature of breach of contract and the same shall not be objected to by the Associate. If the Associate fails to comply with the instructions in the warning notice or in taking corrective action to the satisfaction of TPCODL then TPCODL may terminate the entire or part of contract at its discretion by issuing termination notice without incurring any liability on this ground.

In case the contract is terminated for any breach of the nature specified in clause 24 g stated above, TPCODL shall have the right to terminate all the contracts TPCODL is having with the Associate by issuing termination notice which shall be without prejudice to the other rights of TPCODL available to it under law.

Without prejudice to its right to terminate for breach of contract, TPCODL may, without assigning any reason, terminate the Contract in whole or in part at any time at its discretion while the contract is in force by serving a written notice of two weeks to the Associate.

In the event of TPCODL having proceeded with termination of the contract the associate shall comply and proceed further in the following manner:

- i) Associate shall discontinue the supply, on the expiry of the said period of two weeks.

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 31 of 104

ii) Associate shall ensure that no further steps are being taken towards discharge of the obligations, terms and conditions as contained in the contract/PO. This shall include initiation of actions not limited to discontinuation of other allied and associated arrangements which the associate might have entered into with third parties for due discharge of its obligations under the contract with TPCODL.

iii) The Associate shall perform thereafter such tasks as may be necessary to preserve and protect the terminated portion of the material/service/work in progress and the materials and equipment at TPCODL sites or in transit thereto. However the associate shall continue to fulfill its contractual obligations with regard to the part of contract not terminated.

iv) It shall be open for TPCODL to conduct a joint assessment with the associate of the material ,supplies, equipment ,works or in general as to the subject matter of the contract in regard to which the associate claims having completed its obligations before or during such termination.

v) It shall be open to TPCODL to seek invocation of the performance bank guarantee or any other guarantee or other security deposit by whatever name called submitted by the associate, which shall not be objected to or protested against by the associate.

In case of termination of the contract the parties agree to be governed inter alia by the following:

a) In case TPCODL exercises its right of termination as stated above the associate shall not dispute or object to the same.

b) The Associate shall be entitled to receive and claim only such payments OR sums of money from TPCODL as may be found payable to it in regard to works executed by it under the terms of the contract and no other claim of any nature whatsoever shall be made by the Associate.

c) All such provisions which the parties have agreed to survive and prevail even after termination of the contract shall remain effective despite the termination.

In the event of such termination, TPCODL may finish the Work by whatever method it may deem expedient, including the hiring of services and /or purchase of material equipment from such third parties as TPCODL may deem fit or may itself provide any labor or materials and perform any part of the Work. The associate undertakes to bear the incremental costs if any paid by TPCODL in such a case attributable to failure on the part of the associate. The Associate in such a case shall not be entitled to receive any further payments and any sums found payable to it may be adjusted by TPCODL against the amount recoverable from him on this ground. The same shall be without prejudice to other rights available to TPCODL under law against the associate.

Upon the termination of any of the contract due to occurrence of any circumstances provided in clauses stated above and constituting repeated breach or misconduct , TPCODL shall be entitled to bar the associates its agents , affiliates from undertaking any negotiation / tendering, bidding, participation activities concerning TPCODL for a period of two years from date of such termination. The same shall be without prejudice to other rights available to TPCODL.

24.2 Termination for convenience of Associate

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 32 of 104

Associate at its convenience may request for termination of contract, clearly assigning the reason for such request. TPCODL has full right to accept, reject or partially accept such request. This convenience will be available to associate only after one year from the contract effective date. For this purpose, associate will provide a notice period of 90 days to TPCODL, Associate will have to pay TPCODL a 'termination convenience fee' equivalent to 5% of unexecuted contract value.

24.3 Termination for Convenience of TPCODL

TPCODL at its sole discretion may terminate the contract by giving 30 days prior notice in writing or through email to the Associate. TPCODL shall pay the Associate for all the supplies/ services rendered till the actual date of contract termination against submission of invoice by the Associate to that effect.

25.0 DISPUTE RESOLUTION & ARBITRATION

In case of any dispute or difference the parties shall endeavor to resolve the same through conciliatory and amicable measures within 15 Days failing which the matter may be referred by either party for resolution by the sole arbitrator to be appointed mutually by both the parties. The arbitral proceedings shall be conducted in accordance with Arbitration and Conciliation Act 1996 and the place of arbitration shall be Bhubaneswar. The language to be used at proceedings shall be English and the award of the arbitrator shall be final and binding on the parties. The parties shall bear their respective costs of arbitration. The associate shall continue to discharge its obligations towards due performance of the works as per the terms of the contract during the arbitration proceedings unless otherwise directed in writing by TPCODL or suspended by the arbitrator. Further, TPCODL shall continue making such payments as may be found due and payable to the associate for such works.

25.1 Governing law and jurisdiction

The parties shall be subject to the jurisdiction of the courts of law in Bhubaneswar and any matter arising here from shall be subject to applicable law in force in India.

26.0 ATTRIBUTES OF GCC

26.1 Cancellation

The Company reserves the right to cancel, add, delete at its sole discretion, all or any terms of this GCC or any contract, order or terms agreed between the parties in pursuance without assigning any reasons and without any compensation to the Associates.

26.2 Severability

If any portion of this GCC is held to be void, invalid, or otherwise unenforceable, in whole or part, the remaining portions of this GCC shall remain in effect.

26.3 Order of Priority

In case of any discrepancies between the stipulations in General Conditions of the Contract (GCC) and Special Conditions of Contract (SCC), the GCC shall stand superseded by the SCC to the extent stipulated hereinabove while balance portion of respective clauses of GCC shall continue to be applicable.

ACCEPTANCE FORM FOR PARTICIPATION IN REVERSE AUCTION EVENT

(To be signed and stamped by the bidder prior to participation in the auction event)

In a bid to make our entire procurement process more fair and transparent, TPCODL intends to use the reverse auctions through SAP-SRM tool as an integral part of the entire tendering process. All the bidders who are found as technically qualified based on the tender requirements shall be eligible to participate in the reverse auction event.

The following terms and conditions are deemed as accepted by the bidder on participation in the bid event:

1. TPCODL shall provide the user id and password to the authorized representative of the bidder. *(Authorization Letter in lieu of the same shall be submitted along with the signed and stamped Acceptance Form).*
2. TPCODL will make every effort to make the bid process transparent. However, the award decision by TPCODL would be final and binding on the supplier.
3. The bidder agrees to non-disclosure of trade information regarding the purchase, identity of TPCODL, bid process, bid technology, bid documentation and bid details.
4. The bidder is advised to understand the auto bid process to safeguard themselves against any possibility of non-participation in the auction event.
5. In case of bidding through Internet medium, bidders are further advised to ensure availability of the entire infrastructure as required at their end to participate in the auction event. Inability to bid due to telephone line glitch, internet response issues, software or hardware hangs, power failure or any other reason shall not be the responsibility of TPCODL.
6. In case of intranet medium, TPCODL shall provide the infrastructure to bidders. Further, TPCODL has sole discretion to extend or restart the auction event in case of any glitches in infrastructure observed which has restricted the bidders to submit the bids to ensure fair & transparent competitive bidding. In case an auction event is restarted, the best bid as already available in the system shall become the start price for the new auction.
7. In case the bidder fails to participate in the auction event due any reason whatsoever, it shall be presumed that the bidder has no further discounts to offer and the initial bid as submitted by the bidder as a part of the tender shall be considered as the bidder's final no regret offer. Any offline price bids received from a bidder in lieu of non-participation in the auction event shall be outrightly rejected by TPCODL.
8. The bidder shall be prepared with competitive price quotes on the day of the bidding event.
9. The prices as quoted by the bidder during the auction event shall be inclusive of all the applicable taxes, duties and levies and shall be FOR at TPCODL site.
10. The prices submitted by a bidder during the auction event shall be binding on the bidder.
11. No requests for time extension of the auction event shall be considered by TPCODL.
12. The original price bids of the bidders shall be reduced on pro-rata basis against each line item based on the final all inclusive prices offered during conclusion of the auction event for arriving at Contract amount.

Once the BA reaches the “BLACK” (color – “5”) category, i.e. highest level of safety violation, “Termination” notice to BA will be issued from the office of the Head of Department (equivalent to GM/ Sr. GM level) and further, *if required*, continuation / extension of contract will only be initiated by Functional Chief / Head of the department (equivalent to Sr. GM / Chief level) and approved by CEO & MD. Till the extension, the contract will remain suspended.

TPCODL encourages the reportage of the safety violation during the contract work by BA. Any TPCODL employee can register a safety violation against the BA in the “Safety Violation Form” *annexure 10*. Initially the observer has to fill the form and handover the counterfoil (lower portion) of the document to the supervisor of the BA, inform the site engineer of TPCODL and send the top portion of the Safety Violation Form to SAFETY group for the further necessary action against the BA. **The cumulative nos. of Safety Violations pertaining to any particular BA shall be calculated on yearly basis.**

Safety violations resulting in incident / accident will be treated as per gravity of the injury / fatality and its impact as well as type i.e. minor or Major. Consequences of incident / accident are shown in the matrix (figure 6.3(2) for major and 6.3(3) for minor) below. In case of any accident, findings and recommendations of Accident Enquiry Committee will be final and binding and will supersede the arbitration clause of GCC.

This penalty will be similar for first two incidents. However, it will increment to next higher category i.e. Rs. 25,000/- on subsequent incidents as per the above matrix.)

In case of single or multiple fatalities described under legends J&K of 6.3(2) and P&Q of 6.3(3), the concerned BA may be debarred from extension of contract or participate in new contract. In such event the approval of Chief (O & S) will be necessary for extension or award of new contract to concerned BA.

6.3.2 COMPENSATION FOR BA PERSONNEL

In the event of any untoward incident/ accident, the Business Associate shall ensure prompt medical assistance such as treatment, sickness benefit, etc. is provided to the victim(s) as per the Employees' Compensation Act, 1923 or Employees' State Insurance Act, 1948, as applicable. Also, the BA will be required to take adequate measures for compensating the victim(s) or his/her/their kin as follows:

I. For Death or Permanent / Total Disablement

The BA shall take an insurance coverage of at least Rs. 15 lakhs for each engaged employee, to cover any incidence of Death or Permanent / Total Disablement (Permanent/Total Disability shall be considered as defined under Employees' Compensation Act, 1923). In the event of any such unfortunate incident, the BA would ensure that adequate compensation is paid immediately to the family of the victim(s) from his own resources. This compensation shall be covered under the insurance policy subscribed by the BA mentioned earlier and the arrangement should be such that it would get reimbursed to the BA by the insurance agency subsequently.

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 73 of 104

II. For Permanent Partial Disablement and Temporary Total Disablement

The compensation in this case will be as per provisions of the Employees' Compensation Act, 1923 or Employees' State Insurance Act, 1948, as applicable.

Accordingly, the BA shall obtain a suitable Insurance Policy on award of Contract and submit documentary evidence of the policy to the BA Cell before commencement of work. The BA shall ensure that the Insurance policy is active at all times and all employees are covered in all respects till the conclusion of contract period or till working with TPCODL. The BA shall submit a copy of the policy after periodic renewals to the BA Cell.

However, on occurrence of such unfortunate incident, if it is found that the victim(s) is/are not covered under any insurance policy, the BA shall be liable to pay the entire sum of Rs. 10 lakhs from his own resources.

Further, in case of an accident resulting in Death or Permanent / Total Disablement while on duty, the appointed BA Nodal Officer will ensure that the BA complies with all statutory provisions and benefits i.e. PF, Compensation, Gratuity etc., and that all these are made available to the employees' nominee(s) as per the stipulated timelines.

6.3.3 TPCODL rewards the BA with good track record of safety management. It is proposed that BA complying with Contractors Safety Management, Safety Manual and Safety process will be rewarded suitably as per the procedure, rule and regulations of the TPCODL. In any case major accident is reported during an assessment period BA will not be eligible for this reward scheme. Assessment of contracts will be once in year. Generally the assessment cycle is calendar year and guidelines will be declared time to time.

1.0 ORGANIZATIONAL VALUES

The Tata Group has always been a value driven organization. These values continue to direct the Group's growth and businesses. The Six core Tata Values underpinning the way we do business are:

Integrity - We must conduct our business fairly, with honesty and transparency. Everything we do must stand the test of public scrutiny.

Understanding - We must be caring, respectful, compassionate and humanitarian towards our colleagues and customers around the world and always work for the benefit of India.

Excellence - We must constantly strive to achieve the highest possible standards in our day to day work and in the quality of goods and services we provide.

Unity - We must work cohesively with our colleagues across the group and with our customers and partners around the world to build strong relationships based on tolerance, understanding and mutual co-operation.

Responsibility - We must continue to be responsible and sensitive to the countries, communities and environments in which we work, always ensuring that what comes from the people goes back to the people many times over.

Agility - We must work in a speedy and responsive manner and be proactive and innovative in our approach.

2. Tata Code of Conduct

The Business Associate and TPNODL shall be bound by the provisions/ clauses mentioned in Tata Code of Conduct (TCoC) in all their dealings with stakeholders. The Associate is advised to go through the TCoC document available as Annexure-P.

21.0 LIABILITY & LIMITATIONS

21.1 Liability

Except for any specific liability which may be identified in the Contract and which may be payable hereunder, Associate shall not be liable for any special, incidental, indirect, or consequential Damages or any loss of business Contracts, revenues or other financial loss (or equivalents thereof no matter how claimed, computed or characterized) arising out of or

Doc. Title	GENERAL CONDITIONS OF CONTRACT FOR COMPOSITE WORKS	
Rev. No	01 dtd 1.12.2021	Page 33 of 78

in connection with the Performance of the Work or supply of Goods ***unless caused by Associate's negligence, willful misconduct or breach of contract.***

TPNODL shall have no liability or any special, incidental, indirect or consequential Damages for any loss of Business Contracts, revenues or other financial loss arising out of this Contract.

21.2 Limitation of Liability

The total liability of Associate against any contract shall be limited to the Total All Inclusive Contract Value.

22.0 FORCE MAJEURE

Force Majeure applies if the performance by either Party ("the Affected Party") of its obligations under Contract is materially and adversely affected.

"Force Majeure" shall mean any event or circumstance or combination of events or circumstances referred below and their consequences that wholly or partly prevents or unavoidably delays any Party in the performance of its obligations under this Agreement, but only and to the extent that such events and circumstances are not within the reasonable control, directly or indirectly, of the Affected Party and could not have been avoided even if the Affected Party had taken reasonable care:

- Act of war (whether declared or undeclared), invasion, armed conflict or act of foreign enemy, embargo, blockade, revolution, riot, bombs, religious strife or civil commotion, etc.
- Politically motivated sabotage, or terrorism, etc.
- Action or Act of Government or Governmental agency for which remedy is beyond the control of the affected parties.
- Any act of God.

Note: Causes like power breakdown/ shortages/fire/strikes, accidents etc do not fall under Force Majeure.

Time being the essence of the Contract, if either party is prevented from the performance of its obligations in whole or in part due to an event of Force Majeure, then provided Notice of happening of any event by the Affected Party is given to the other party within seven (7) days from the date of occurrence of such event, which DIRECTLY has impact on works and submitted details and quantum of resulting effect, but at the same time had made all possible efforts to mitigate and overcome effects thereof, the Affected Party's performance under this Contract shall be suspended until such event ceases and the Scheduled Completion shall be delayed accordingly.

If Force Majeure event(s) continue for a period of more than three months, the parties shall hold consultation to discuss the further course of action.

Neither party shall be considered to be in default or in breach of its obligation under the Contract to the extent that performance of such obligation by either party is prevented by any circumstances of Force Majeure which arise after effective date of Contract.

Neither party can claim any compensation from the other party on account of Force Majeure.

23.0 SUSPENSION OF CONTRACT

Doc. Title	GENERAL CONDITIONS OF CONTRACT FOR COMPOSITE WORKS	
Rev. No	01 dtd 1.12.2021	Page 34 of 78

33.0 Suspension for Convenience

TPNODL may, at any time and at its sole option, suspend execution of all or any portions of the schedule of items of contract to be supplied/work to be executed by Associate under the contract by providing to the Associate at least two business days written notice for contracts having contract completion period less than sixty days and at least seven business days' notice for all other contracts.

Upon receipt of any such notice, the Associate shall respond as follows as applicable as per contract construction.

- Immediately discontinue further supply of material/goods specified in the suspension notice for supply contracts
- Immediately discontinue further service/work and supply of materials of those services/materials/work specified in the suspension notice for service /composite contract
- Promptly make every reasonable effort to obtain suspension, upon terms satisfactory to TPNODL, of all orders, outsourcing arrangements, and rental Contracts to the extent that they relate to performance of the portion of Work suspended by the notice.
- Protect and maintain the portion of the service/Work already completed, including the portion of the Work suspended hereunder, unless otherwise specifically stated in the notice.
- Continue delivering/carrying out the supply/service/work items as per contract conditions, which do not fall under purview of the suspension notice.

On receipt of resumption notice from TPNODL, the Associate shall resume execution of contract as specified in the resumption notice, within the time frame specified in the resumption notice,

23.2 Suspension for Breach of Contract conditions.

TPNODL shall suspend execution of whole/or part thereof the contract till such time Associate complies with the conditions stipulated under section clause 27 for breach/default of contract conditions.

23.3 Compensation in lieu of Suspension

If the suspension of the contract in whole or in part is for convenience of TPNODL and not due to any breach of contract conditions by the associate, TPNODL at its discretion shall consider compensating all reasonable additional costs incurred by Associate in lieu of suspension of whole or part of contract, on representation of the Associate providing justified estimates of such additional costs and such estimates are found acceptable and approved by competent authority of TPNODL.

If the suspension of contract in whole or part thereof is due to breach of contract conditions (refer clause 24.3) by the Associate, Associate shall not be entitled for any compensation for any cost incurred in lieu of suspension of whole or part of contract and also shall be liable for compensating all the losses arising to TPNODL in lieu of suspension of contract. Resumption notice shall be subject to the Associate taking corrective action for the breach of contract conditions within the time frame and as per the terms specified in the suspension notice.

24 TERMINATION OF CONTRACTS

24.1 Termination for Default/Breach of Contract

The contract / PO shall be subject to termination by TPNODL in case of breach of the contract by the Associate which shall include but not be limited to the following:

- a. Withdrawal or intimation by the Associate of its intent to withdraw or surrender the execution / completion of the contracted work /PO or failure in ensuring adherence to any delivery schedules, in deviation of the contract/ PO.
- b. Refusal or neglect on the part of the Associate to supply material/equipment of quantity or quality as specified by TPNODL and within the timeframe as specified in the contract document or refusal or neglect to execute the services/work in terms of the agreed standards of quantity or quality and/or within the timeframe specified in the contract/PO.
- c. Failure in any respect to perform any portion of the Work contracted with promptness, diligence, or in accordance with the terms of the contract.
- d. Failure to furnish guarantees as specified and /or failure to comply with the terms thereof.
- e. Failure to furnish such relevant documents or information within the time specified which may be necessary for due execution / completion of the works and documentation.
- f. Liquidation, bankruptcy either voluntary or involuntary OR entering into any composition or compromise with its creditors, or Insolvency.
- g. In case any reasonable information has been received by TPNODL that Associate has adopted/ or attempted to adopt any unethical conduct, action in award of the contract /PO or at any time thereafter.
- h. Failure to comply with applicable statutory provisions as contained in the contract or failure to comply with the applicable laws.
- i. Failure to comply with safety regulations/clauses stipulated in the contract or as may be generally instructed by TPNODL.

If the default or breach as specified under clause 24 (except sub clause g thereof) be committed by the associate for the first time, TPNODL shall issue, along the with notice of default or breach, a warning notice instructing the associate to take remedial/corrective action within the time frame stipulated in the warning notice and not to repeat the same in future. The timeframe for corrective action by the associate shall be specific to the nature of breach of contract and the same shall not be objected to by the Associate. If the Associate fails to comply with the instructions in the warning notice or in taking corrective action to the satisfaction of TPNODL then TPNODL may terminate the entire or part of contract at its discretion by issuing termination notice without incurring any liability on this ground.

In case the contract is terminated for any breach of the nature specified in clause 24 g stated above, TPNODL shall have the right to terminate all the contracts TPNODL is having with the Associate by issuing termination notice which shall be without prejudice to the other rights of TPNODL available to it under law.

Doc. Title	GENERAL CONDITIONS OF CONTRACT FOR COMPOSITE WORKS	
Rev. No	01 dtd 1.12.2021	Page 36 of 78

Without prejudice to its right to terminate for breach of contract, TPNODL may, without assigning any reason, terminate the Contract in whole or in part at any time at its discretion while the contract is in force by serving a written notice of two weeks to the Associate.

In the event of TPNODL having proceeded with termination of the contract the associate shall comply and proceed further in the following manner:

34.0 Associate shall discontinue the supply, on the expiry of the said period of two weeks.

ii) Associate shall ensure that no further steps are being taken towards discharge of the obligations, terms and conditions as contained in the contract/PO. This shall include initiation of actions not limited to discontinuation of other allied and associated arrangements which the associate might have entered into with third parties for due discharge of its obligations under the contract with TPNODL.

iii) The Associate shall perform thereafter such tasks as may be necessary to preserve and protect the terminated portion of the material/service/work in progress and the materials and equipment at TPNODL sites or in transit thereto. However the associate shall continue to fulfill its contractual obligations with regard to the part of contract not terminated.

iv) It shall be open for TPNODL to conduct a joint assessment with the associate of the material ,supplies, equipment ,works or in general as to the subject matter of the contract in regard to which the associate claims having completed its obligations before or during such termination.

v) It shall be open to TPNODL to seek invocation of the performance bank guarantee or any other guarantee or other security deposit by whatever name called submitted by the associate, which shall not be objected to or protested against by the associate.

In case of termination of the contract the parties agree to be governed inter alia by the following:

a) In case TPNODL exercises its right of termination as stated above the associate shall not dispute or object to the same.

b) The Associate shall be entitled to receive and claim only such payments OR sums of money from TPNODL as may be found payable to it in regard to works executed by it under the terms of the contract and no other claim of any nature whatsoever shall be made by the Associate.

c) All such provisions which the parties have agreed to survive and prevail even after termination of the contract shall remain effective despite the termination.

In the event of such termination, TPNODL may finish the Work by whatever method it may deem expedient, including the hiring of services and /or purchase of material equipment from such third parties as TPNODL may deem fit or may itself provide any labor or materials and perform any part of the Work. The associate undertakes to bear the incremental costs if any paid by TPNODL in such a case attributable to failure on the part of the associate. The Associate in such a case shall not be entitled to receive any further payments and any sums found payable to it may be adjusted by TPNODL against the amount recoverable from him on this ground. The same shall be without prejudice to other rights available to TPNODL under law against the associate.

Doc. Title	GENERAL CONDITIONS OF CONTRACT FOR COMPOSITE WORKS	
Rev. No	01 dtd 1.12.2021	Page 37 of 78

Upon the termination of any of the contract due to occurrence of any circumstances provided in clauses stated above and constituting repeated breach or misconduct, TPNODL shall be entitled to bar the associates its agents, affiliates from undertaking any negotiation / tendering, bidding, participation activities concerning TPNODL for a period of two years from date of such termination. The same shall be without prejudice to other rights available to TPNODL.

24.2 Termination for convenience of Associate

Associate at its convenience may request for termination of contract, clearly assigning the reason for such request. TPNODL has full right to accept, reject or partially accept such request. This convenience will be available to associate only after one year from the contract effective date. ANNEXURE-I

ACCEPTANCE FORM FOR PARTICIPATION IN REVERSE AUCTION EVENT

(To be signed and stamped by the bidder prior to participation in the auction event)

In a bid to make our entire procurement process more fair and transparent, TPNODL intends to use the reverse auctions through SAP-SRM/ ARIBA tool as an integral part of the entire tendering process. All the bidders who are found as technically qualified based on the tender requirements shall be eligible to participate in the reverse auction event.

The following terms and conditions are deemed as accepted by the bidder on participation in the bid event:

1. TPNODL shall provide the user id and password to the authorized representative of the bidder. *(Authorization Letter in lieu of the same shall be submitted along with the signed and stamped Acceptance Form).*
2. TPNODL will make every effort to make the bid process transparent. However, the award decision by TPNODL would be final and binding on the supplier.
3. The bidder agrees to non-disclosure of trade information regarding the purchase, identity of TPNODL, bid process, bid technology, bid documentation and bid details.
4. The bidder is advised to understand the auto bid process to safeguard themselves against any possibility of non-participation in the auction event.
5. In case of bidding through Internet medium, bidders are further advised to ensure availability of the entire infrastructure as required at their end to participate in the auction event. Inability to bid due to telephone line glitch, internet response issues, software or hardware hangs, power failure or any other reason shall not be the responsibility of TPNODL.
6. In case of intranet medium, TPNODL shall provide the infrastructure to bidders. Further, TPNODL has sole discretion to extend or restart the auction event in case of any glitches in infrastructure observed which has restricted the bidders to submit the bids to ensure fair & transparent competitive bidding. In case an auction event is restarted, the best bid as already available in the system shall become the start price for the new auction.
7. In case the bidder fails to participate in the auction event due any reason whatsoever, it shall be presumed that the bidder has no further discounts to offer and the initial bid as submitted by the bidder as a part of the tender shall be considered as the bidder's final no regret offer. Any offline price bids received from a bidder in lieu of non-participation in the auction event shall be outrightly rejected by TPNODL.
8. The bidder shall be prepared with competitive price quotes on the day of the bidding event.
9. The prices as quoted by the bidder during the auction event shall be inclusive of all the applicable taxes, duties and levies and shall be FOR at TPNODL site.
10. The prices submitted by a bidder during the auction event shall be binding on the bidder.
11. No requests for time extension of the auction event shall be considered by TPNODL.
12. The original price bids of the bidders shall be reduced on pro-rata basis against each line item based on the final all-inclusive prices offered during conclusion of the auction event for arriving at Contract amount.

TATA CODE OF CONDUCT (TCoC)

Introducing Tata Code of Conduct (TCoC) in GCC, the following clause is proposed for inclusion as per suggestions from Chief Ethics Counsellor -

“TCoC is the overarching policy framework that applies to all TATA Group companies including TPNODL. TCoC provides for stakeholder-wise approach in each of the seven chapters.

The chapter “Our Value Chain Partners” states the policy as follows:

1. We shall select our suppliers and service providers fairly and transparently.
2. We seek to work with suppliers and service providers who can demonstrate that they share similar values. We expect them to adopt ethical standards comparable to our own.
3. Our suppliers and service providers shall represent our company only with duly authorized written permission from our company. They are expected to abide by the Code in their interactions with, and on behalf of us, including respecting the confidentiality of information shared with them.
4. We shall ensure that any gifts or hospitality received from, or given to, our suppliers or service providers comply with our company’s gifts and hospitality policy.
5. We respect our obligations on the use of third party intellectual property and data.

To effectively implement TCoC, there is a 3-tier framework comprising of Ethics Management Apex Team headed by the CEO, who is also the Principal Ethics Officer (PEO), TPNODL; Locational Ethics Counsellors (LECs) who cover various locations/offices of TPNODL; and LECs are assisted by 4-5 Ethics Champions (ECs).

In case any Ethical Concern is faced during the course of your business dealings with TPNODL, one may utilize any one or more of the following avenues:

1. Ethics Portal on website – www.tpnodl.com
2. Ethics Box
3. IVRS No. 19124 and then press 7
4. Locational Ethics Counsellor (LEC)
5. **Third Party Ethics Helpline – 1800-22-7697 (Toll Free) ***
6. Chief Ethics Counsellor

TPNODL is committed to follow Core Values and Core Principles mentioned in TCoC, cited below, in carrying out various activities as well as in discharge of bi-lateral and multi-lateral obligations involving other entities/organizations:

Core Values:

All six core values are already mentioned in GCC.

Core Principles:

1. **Zero tolerance to bribery or corruption** in any form.
2. Committed to **good corporate citizenship**
3. Contribute to the **economic development of the communities** of the countries & regions we operate in.

Doc. Title	GENERAL CONDITIONS OF CONTRACT FOR COMPOSITE WORKS	
Rev. No	01 dtd 1.12.2021	Page 71 of 78

4. No compromise on **Safety**
5. Our conduct shall be **fair & transparent**
6. Respect the **human rights & dignity** of our stakeholders
7. **No unfair discrimination** of any kind
8. Statements made to stakeholders shall be **truthful** & made in **good faith**
9. Not engage in any restrictive or **unfair trade practice**
10. Provide avenues for our stakeholders to **raise concerns in good faith**
11. Environment **free from fear** of retribution to deal with concerns that are raised
12. Expect the leaders to be **role model**
13. **Comply with the laws** of the countries in which we operate

Gift Policy:

Principles for acceptance of gifts/benefits –

A gift or benefit may be accepted only if it complies with all of the following principles:

- ✓ it does not influence,
- ✓ does not have the potential to influence, an employee in such a way as to compromise or appear to compromise integrity and impartiality
- ✓ does not create a conflict of interest or perception of conflict of interest;

Principles for non-acceptance of gifts/benefits -

The gift or benefit may not be accepted or given if any of the following principles apply:

- ✓ causes the recipient or donor **to act in partial manner** in the course of duty
- ✓ apprehension of the recipient becoming **obligated to the donor**
- ✓ it is **not offered openly**
- ✓ if is an **offer of money** or something readily convertible to money (e.g. Shares)

Violation –

1. Not abiding with this policy would constitute violation of “Our Employees” Stakeholder group Clause “Gifts and Hospitality” of the Tata Code of Conduct (TCoC) 2015. Prompt action will be taken against violations.
2. Any deviation from this policy must be supported by appropriate rationale and must be duly approved by CEO who is also the Principal Ethics Officer. In any case, in dealing with such deviations, the spirit of the TCoC should in no case be compromised.
3. If it is determined that an employee / associate has violated this policy, appropriate action including termination of the employee’s / associate’s employment or association with TPNODL may be decided upon.

1.0 ORGANIZATIONAL VALUES

The Tata Group has always been a value driven organization. These values continue to direct the Group's growth and businesses. The Six core Tata Values underpinning the way we do business are:

Integrity - We must conduct our business fairly, with honesty and transparency. Everything we do must stand the test of public scrutiny.

Understanding - We must be caring, respectful, compassionate and humanitarian towards our colleagues and customers around the world and always work for the benefit of India.

Excellence - We must constantly strive to achieve the highest possible standards in our day to day work and in the quality of goods and services we provide.

Unity - We must work cohesively with our colleagues across the group and with our customers and partners around the world to build strong relationships based on tolerance, understanding and mutual co-operation.

Responsibility - We must continue to be responsible and sensitive to the countries, communities and environments in which we work, always ensuring that what comes from the people goes back to the people many times over.

Agility - We must work in a speedy and responsive manner and be proactive and innovative in our approach.

2.0 ETHICS

In our effort towards Excellence and in Management of Business Ethics at TPSODL, an Ethics Management Team is constituted.

The main objective of the Ethics Management Team is to:

1. Record, address and allay the issues and concerns on ethics raised by different stakeholders like employees, consumers, vendors, associates etc. by initiating immediate corrective actions.
2. Ensure proper communication of the ethics policies and guidelines through prominent displays at all offices of TPSODL and through printed declarations in all concerned documents where external stakeholders are involved.
3. Ensure proper framework of policies as preventive measures against any ethics violation recorded by them.
4. Prepare and submit MIS of all issues and concerns, corrective and preventive actions on monthly basis to the top management for their information.
5. All Associates and Stakeholders are requested to register any grievance on ethics violation on TPSODL website www.tpsouthernodisha.com

If Force Majeure event(s) continue for a period of more than three months, the parties shall hold consultation to discuss the further course of action.

Neither party shall be considered to be in default or in breach of its obligation under the Contract to the extent that performance of such obligation by either party is prevented by any circumstances of Force Majeure which arise after effective date of Contract.

Neither party can claim any compensation from the other party on account of Force Majeure.

23.0 SUSPENSION Of CONTRACT

23.1 Suspension for Convenience

TPSODL may, at any time and at its sole option, suspend execution of all or any portions of the schedule of items of contract to be supplied/work to be executed by Associate under the contract by providing to the Associate at least two business days written notice for contracts having contract completion period less than sixty days and at least seven business days' notice for all other contracts.

Upon receipt of any such notice, the Associate shall respond as follows as applicable as per contract construction.

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	3	Page 29 of 105

- Immediately discontinue further supply of material/goods specified in the suspension notice for supply contracts
- Immediately discontinue further service/work and supply of materials of those services/materials/work specified in the suspension notice for service /composite contract
- Promptly make every reasonable effort to obtain suspension, upon terms satisfactory to TPSODL, of all orders, outsourcing arrangements, and rental Contracts to the extent that they relate to performance of the portion of Work suspended by the notice.
- Protect and maintain the portion of the service/Work already completed, including the portion of the Work suspended hereunder, unless otherwise specifically stated in the notice.
- Continue delivering/carrying out the supply/service/work items as per contract conditions, which do not fall under purview of the suspension notice.

On receipt of resumption notice from TPSODL, the Associate shall resume execution of contract as specified in the resumption notice, within the time frame specified in the resumption notice,

23.2 Suspension for Breach of Contract conditions.

TPSODL shall suspend execution of whole/or part thereof the contract till such time Associate complies with the conditions stipulated under section clause 27 for breach/default of contract conditions.

23.3 Compensation in lieu of Suspension

If the suspension of the contract in whole or in part is for convenience of TPSODL and not due to any breach of contract conditions by the associate, TPSODL at its discretion shall consider compensating all reasonable additional costs incurred by Associate in lieu of suspension of whole or part of contract, on representation of the Associate providing justified estimates of such additional costs and such estimates are found acceptable and approved by competent authority of TPSODL.

If the suspension of contract in whole or part thereof is due to breach of contract conditions (refer clause 24.3) by the Associate, Associate shall not be entitled for any compensation for any cost incurred in lieu of suspension of whole or part of contract and also shall be liable for compensating all the losses arising to TPSODL in lieu of suspension of contract. Resumption notice shall be subject to the Associate taking corrective action for the breach of contract conditions within the time frame and as per the terms specified in the suspension notice.

24 TERMINATION OF CONTRACTS

24.1 Termination for Default/Breach of Contract

The contract / PO shall be subject to termination by TPSODL in case of breach of the contract by the Associate which shall include but not be limited to the following:

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	3	Page 30 of 105

- a. Withdrawal or intimation by the Associate of its intent to withdraw or surrender the execution / completion of the contracted work /PO or failure in ensuring adherence to any delivery schedules, in deviation of the contract/ PO.
- b. Refusal or neglect on the part of the Associate to supply material/equipment of quantity or quality as specified by TPSODL and within the timeframe as specified in the contract document or refusal or neglect to execute the services/work in terms of the agreed standards of quantity or quality and/or within the timeframe specified in the contract/PO.
- c. Failure in any respect to perform any portion of the Work contracted with promptness, diligence, or in accordance with the terms of the contract.
- d. Failure to furnish guarantees as specified and /or failure to comply with the terms thereof.
- e. Failure to furnish such relevant documents or information within the time specified which may be necessary for due execution / completion of the works and documentation.
- f. Liquidation, bankruptcy either voluntary or involuntary OR entering into any composition or compromise with its creditors, or Insolvency.
- g. In case any reasonable information has been received by TPSODL that Associate has adopted/ or attempted to adopt any unethical conduct, action in award of the contract /PO or at any time thereafter.
- h. Failure to comply with applicable statutory provisions as contained in the contract or failure to comply with the applicable laws.
- i. Failure to comply with safety regulations/clauses stipulated in the contract or as may be generally instructed by TPSODL.

If the default or breach as specified under clause 24 (except sub clause g thereof) be committed by the associate for the first time, TPSODL shall issue, along the with notice of default or breach, a warning notice instructing the associate to take remedial/corrective action within the time frame stipulated in the warning notice and not to repeat the same in future. The timeframe for corrective action by the associate shall be specific to the nature of breach of contract and the same shall not be objected to by the Associate. If the Associate fails to comply with the instructions in the warning notice or in taking corrective action to the satisfaction of TPSODL then TPSODL may terminate the entire or part of contract at its discretion by issuing termination notice without incurring any liability on this ground.

In case the contract is terminated for any breach of the nature specified in clause 24 g stated above, TPSODL shall have the right to terminate all the contracts TPSODL is having with the Associate by issuing termination notice which shall be without prejudice to the other rights of TPSODL available to it under law.

Without prejudice to its right to terminate for breach of contract, TPSODL may, without assigning any reason, terminate the Contract in whole or in part at any time at its discretion while the contract is in force by serving a written notice of two weeks to the Associate.

In the event of TPSODL having proceeded with termination of the contract the associate shall comply and proceed further in the following manner:

- i) Associate shall discontinue the supply, on the expiry of the said period of two weeks.

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	3	Page 31 of 105

ii) Associate shall ensure that no further steps are being taken towards discharge of the obligations, terms and conditions as contained in the contract/PO. This shall include initiation of actions not limited to discontinuation of other allied and associated arrangements which the associate might have entered with third parties for due discharge of its obligations under the contract with TPSODL.

iii) The Associate shall perform thereafter such tasks as may be necessary to preserve and protect the terminated portion of the material/service/work in progress and the materials and equipment at TPSODL sites or in transit thereto. However, the associate shall continue to fulfill its contractual obligations with regard to the part of contract not terminated.

iv) It shall be open for TPSODL to conduct a joint assessment with the associate of the material ,supplies, equipment ,works or in general as to the subject matter of the contract in regard to which the associate claims having completed its obligations before or during such termination.

v) It shall be open to TPSODL to seek invocation of the performance bank guarantee or any other guarantee or other security deposit by whatever name called submitted by the associate, which shall not be objected to or protested by the associate.

In case of termination of the contract the parties agree to be governed inter alia by the following:

a) In case TPSODL exercises its right of termination as stated above the associate shall not dispute or object to the same.

b) The Associate shall be entitled to receive and claim only such payments OR sums of money from TPSODL as may be found payable to it in regard to works executed by it under the terms of the contract and no other claim of any nature whatsoever shall be made by the Associate.

c) All such provisions which the parties have agreed to survive and prevail even after termination of the contract shall remain effective despite the termination.

In the event of such termination, TPSODL may finish the Work by whatever method it may deem expedient, including the hiring of services and /or purchase of material equipment from such third parties as TPSODL may deem fit or may itself provide any labor or materials and perform any part of the Work. The associate undertakes to bear the incremental costs if any paid by TPSODL in such a case attributable to failure on the part of the associate. The Associate in such a case shall not be entitled to receive any further payments and any sums found payable to it may be adjusted by TPSODL against the amount recoverable from him on this ground. The same shall be without prejudice to other rights available to TPSODL under law against the associate.

Upon the termination of any of the contract due to occurrence of any circumstances provided in clauses stated above and constituting repeated breach or misconduct , TPSODL shall be entitled to bar the associates its agents , affiliates from undertaking any negotiation / tendering, bidding, participation activities concerning TPSODL for a period of two years from date of such termination. The same shall be without prejudice to other rights available to TPSODL.

24.2 Termination for convenience of Associate

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	3	Page 32 of 105

Associate at its convenience may request for termination of contract, clearly assigning the reason for such request. TPSODL has full right to accept, reject or partially accept such request. This convenience will be available to associate only after one year from the contract effective date. For this purpose, associate will provide a notice period of 90 days to TPSODL, Associate will have to pay TPSODL a 'termination convenience fee' equivalent to 5% of unexecuted contract value.

24.3 Termination for Convenience of TPSODL

TPSODL at its sole discretion may terminate the contract by giving 30 days prior notice in writing or through email to the Associate. TPSODL shall pay the Associate for all the supplies/ services rendered till the actual date of contract termination against submission of invoice by the Associate to that effect.

25.0 DISPUTE RESOLUTION & ARBITRATION

In case of any dispute or difference the parties shall endeavor to resolve the same through conciliatory and amicable measures within 15 Days failing which the matter may be referred by either party for resolution by the sole arbitrator to be appointed mutually by both the parties. The arbitral proceedings shall be conducted in accordance with Arbitration and Conciliation Act 1996 and the place of arbitration shall be Berhampur. The language to be used at proceedings shall be English and the award of the arbitrator shall be final and binding on the parties. The parties shall bear their respective costs of arbitration. The associate shall continue to discharge its obligations towards due performance of the works as per the terms of the contract during the arbitration proceedings unless otherwise directed in writing by TPSODL or suspended by the arbitrator. Further, TPSODL shall continue making such payments as may be found due and payable to the associate for such works.

25.1 Governing law and jurisdiction

The parties shall be subject to the jurisdiction of the courts of law in Berhampur and any matter arising here from shall be subject to applicable law in force in India.

26.0 ATTRIBUTES OF GCC

26.1 Cancellation

The Company reserves the right to cancel, add, delete at its sole discretion, all or any terms of this GCC or any contract, order or terms agreed between the parties in pursuance without assigning any reasons and without any compensation to the Associates.

26.2 Severability

If any portion of this GCC is held to be void, invalid, or otherwise unenforceable, in whole or part, the remaining portions of this GCC shall remain in effect.

26.3 Order of Priority

In case of any discrepancies between the stipulations in General Conditions of the Contract (GCC) and Special Conditions of Contract (SCC), the GCC shall stand superseded by the SCC to the extent stipulated hereinabove while balance portion of respective clauses of GCC shall continue to be applicable.

ANNEXURE-J

ACCEPTANCE FORM FOR PARTICIPATION IN REVERSE AUCTION EVENT

(To be signed and stamped by the bidder prior to participation in the auction event)

In a bid to make our entire procurement process fair and transparent, TPSODL intends to use the reverse auctions through SAP-SRM tool as an integral part of the entire tendering process. All the bidders who are found as technically qualified based on the tender requirements shall be eligible to participate in the reverse auction event.

The following terms and conditions are deemed as accepted by the bidder on participation in the bid event:

1. TPSODL shall provide the user id and password to the authorized representative of the bidder. *(Authorization Letter in lieu of the same shall be submitted along with the signed and stamped Acceptance Form).*
2. TPSODL will make every effort to make the bid process transparent. However, the award decision by TPSODL would be final and binding on the supplier.
3. The bidder agrees to non-disclosure of trade information regarding the purchase, identity of TPSODL, bid process, bid technology, bid documentation and bid details.
4. The bidder is advised to understand the auto bid process to safeguard themselves against any possibility of non-participation in the auction event.
5. In case of bidding through Internet medium, bidders are further advised to ensure availability of the entire infrastructure as required at their end to participate in the auction event. Inability to bid due to telephone line glitch, internet response issues, software or hardware hangs, power failure or any other reason shall not be the responsibility of TPSODL.
6. In case of intranet medium, TPSODL shall provide the infrastructure to bidders. Further, TPSODL has sole discretion to extend or restart the auction event in case of any glitches in infrastructure observed which has restricted the bidders to submit the bids to ensure fair & transparent competitive bidding. In case an auction event is restarted, the best bid as already available in the system shall become the start price for the new auction.
7. In case the bidder fails to participate in the auction event due any reason whatsoever, it shall be presumed that the bidder has no further discounts to offer and the initial bid as submitted by the bidder as a part of the tender shall be considered as the bidder's final no regret offer. Any offline price bids received from a bidder in lieu of non-participation in the auction event shall be outrightly rejected by TPSODL.
8. The bidder shall be prepared with competitive price quotes on the day of the bidding event.
9. The prices as quoted by the bidder during the auction event shall be inclusive of all the applicable taxes, duties and levies and shall be FOR at TPSODL site.
10. The prices submitted by a bidder during the auction event shall be binding on the bidder.
11. No requests for time extension of the auction event shall be considered by TPSODL.
12. The original price bids of the bidders shall be reduced on pro-rata basis against each line item based on the final all inclusive prices offered during conclusion of the auction event for arriving at Contract amount.

(Details as per Annexure attached)

Note: For minor contracts, the BA shall assign the duties of Safety Representative to the Work Supervisor. Work Supervisor will deliver all duties and responsibilities of Safety Supervisor as detailed in this document.

The Business Associate (BA) having major contract will appointing Safety supervisor, engineer / manager for the TPSODL work. The BA shall make all necessary arrangements for getting their workforce safety trained and competency checked from the concerned official of TPSODL before deployment in the field. BA Cell shall recommend the suitability after competency checked by Engineer In-charge and SAFETY group (or his representative) of TPSODL. After getting the clearance from concerned official, BA cell and receiving temporary I-card issued by TPSODL, Business Associate shall commence the working.

Safety Representative of Business Associates will formally become the nodal point for safety concerns for TPSODL. **BA shall not frequently transfer or terminate the services of any of the safety representatives appointed for TPSODL work site. BA needs to ensure**

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	3	Page 67 of 105

that Safety representative is available at all points of time; failing which the work being carried out in the interim (period when Safety representative is not available) shall be treated as working under improper supervision and due penal provisions shall be initiated against the BA. BA will be required to provide all applicable infrastructure and power to ensure smooth working of the safety representative to maintain a sound safety management system. **In all contracts safety representative will not be assigned any other activity at site apart from the works related to safety management. The duties are detailed in clause 5.5 of this document.** TPSODL will be auditing the facilities provided to the BA's safety team time to time.

The Safety Representative of the BA shall be required to meet and follow the instructions of the Engineer In-charge and SAFETY Group of TPSODL. He shall be responsible for providing the MIS and/or any other relevant information, as and when desired, within the stipulated time frame as per the requirements of TPSODL. Once the BA reaches the “BLACK” (color – “5”) category, i.e. highest level of safety violation, “Termination” notice to BA will be issued from the office of the Head of Department (equivalent to GM/ Sr. GM level) and further, *if required*, continuation / extension of contract will only be initiated by Functional Chief / Head of the department (equivalent to Sr. GM / Chief level) and approved by CEO & MD. Till the extension, the contract will remain suspended.

TPSODL encourages the reportage of the safety violation during the contract work by BA. Any TPSODL employee can register a safety violation against the BA in the “Safety Violation Form” *annexure 10*. Initially the observer has to fill the form and handover the counterfoil (lower portion) of the document to the supervisor of the BA, inform the site engineer of TPSODL and send the top portion of the Safety Violation Form to SAFETY group for the further necessary action against the BA. **The cumulative nos. of Safety Violations pertaining to any particular BA shall be calculated on yearly basis.**

Safety violations resulting in incident / accident will be treated as per gravity of the injury / fatality and its impact as well as type i.e. minor or Major. Consequences of incident / accident are shown in the matrix (figure 6.3(2) for major and 6.3(3) for minor) below. In case of any accident, findings and recommendations of Accident Enquiry Committee will be final and binding and will supersede the arbitration clause of GCC.

This penalty will be similar for first two incidents. However, it will increment to next higher category i.e. Rs. 25,000/- on subsequent incidents as per the above matrix.)

In case of single or multiple fatalities described under legends J&K of 6.3(2) and P&Q of 6.3(3), the concerned BA may be debarred from extension of contract or participate in new contract. In such event the approval of Chief (O & S) will be necessary for extension or award of new contract to concerned BA.

6.3.2 COMPENSATION FOR BA PERSONNEL

In the event of any untoward incident/ accident, the Business Associate shall ensure prompt medical assistance such as treatment, sickness benefit, etc. is provided to the victim(s) as per the Employees' Compensation Act, 1923 or Employees' State Insurance Act, 1948, as applicable. Also, the BA will be required to take adequate measures for compensating the victim(s) or his/her/their kin as follows:

Group Personal Accident (GPA) policy coverage of ₹ 15 Lacs to be taken by the respective BAs.

iii. It is mandatorily required to take the GPA policy coverage of ₹ 15 Lacs by the BA for his employees from a reputed insurance agency.

iv. TPSODL HR department will be the overall process owner and BA shall be required to coordinate with TPSODL HR department for policy implementation immediately post receipt of LOI / Work Order.

Rev. No	3	Page 74 of 105

I. For Death or Permanent / Total Disablement

The BA shall take an insurance coverage of at least Rs. 15 lakhs for each engaged employee, to cover any incidence of Death or Permanent / Total Disablement (Permanent/Total Disability shall be considered as defined under Employees' Compensation Act, 1923). In the event of any such unfortunate incident, the BA would ensure that adequate compensation is paid immediately to the family of the victim(s) from his own resources. This compensation shall be covered under the insurance policy subscribed by the BA mentioned earlier and the arrangement should be such that it would get reimbursed to the BA by the insurance agency subsequently.

II. For Permanent Partial Disablement and Temporary Total Disablement

The compensation in this case will be as per provisions of the Employees' Compensation Act, 1923 or Employees' State Insurance Act, 1948, as applicable.

Accordingly, the BA shall obtain a suitable Insurance Policy on award of Contract and submit documentary evidence of the policy to the BA Cell before commencement of work. The BA shall ensure that the Insurance policy is active at all times and all employees are covered in all respects till the conclusion of contract period or till working with TPSODL. The BA shall submit a copy of the policy after periodic renewals to the BA Cell.

However, on occurrence of such unfortunate incident, if it is found that the victim(s) is/are not covered under any insurance policy, the BA shall be liable to pay the entire sum of Rs. 15 lakhs from his own resources.

Further, in case of an accident resulting in Death or Permanent / Total Disablement while on duty, the appointed BA Nodal Officer will ensure that the BA complies with all statutory provisions and benefits i.e. PF, Compensation, Gratuity etc., and that all these are made available to the employees' nominee(s) as per the stipulated timelines.

6.3.3 TPSODL rewards the BA with good track record of safety management. It is proposed that BA complying with Contractors Safety Management, Safety Manual and Safety process will be rewarded suitably as per the procedure, rule and regulations of the TPSODL. In any case major accident is reported during an assessment period BA will not be eligible for this reward scheme. Assessment of contracts will be once in year. Generally, the assessment cycle is calendar year and guidelines will be declared time to time.

1.0 ORGANIZATIONAL VALUES

The Tata Group has always been a value driven organization. These values continue to direct the Group's growth and businesses. The Six core Tata Values underpinning the way we do business are:

Integrity - We must conduct our business fairly, with honesty and transparency. Everything we do must stand the test of public scrutiny.

Understanding - We must be caring, respectful, compassionate and humanitarian towards our colleagues and customers around the world and always work for the benefit of India.

Excellence - We must constantly strive to achieve the highest possible standards in our day to day work and in the quality of goods and services we provide.

Unity - We must work cohesively with our colleagues across the group and with our customers and partners around the world to build strong relationships based on tolerance, understanding and mutual co-operation.

Responsibility - We must continue to be responsible and sensitive to the countries, communities and environments in which we work, always ensuring that what comes from the people goes back to the people many times over.

Agility - We must work in a speedy and responsive manner and be proactive and innovative in our approach.

2.0 ETHICS

In our effort towards Excellence and in Management of Business Ethics at TPWODL, an Ethics Management Team is constituted.

The main objective of the Ethics Management Team is to:

1. Record, address and allay the issues and concerns on ethics raised by different stakeholders like employees, consumers, vendors, associates etc. by initiating immediate corrective actions.
2. Ensure proper communication of the ethics policies and guidelines through prominent displays at all offices of TPWODL and through printed declarations in all concerned documents where external stakeholders are involved.
3. Ensure proper framework of policies as preventive measures against any ethics violation recorded by them.
4. Prepare and submit MIS of all issues and concerns, corrective and preventive actions on monthly basis to the top management for their information.
5. All Associates and Stakeholders are requested to register any grievance on ethics violation on TPWODL website www.tpWesternodisha.com

Title to secret processes if any developed by the Associate on an exclusive basis and employed in the design of the equipment shall remain with the Associate. TPWODL shall hold in confidence such processes and shall not disclose such processes to the third parties without prior approval of the Associate and execution by such third parties of secrecy agreements satisfactory to the Associate prior to disclosure. Upon completion of contract, such processes shall become the property of the TPWODL. Title to technical specifications, drawings, flow sheets, norms, calculations, diagrams, interpretations of test results, schematics, layouts and such other information, which the Associate has supplied to the TPWODL under the Contract shall be passed on to the TPWODL. The TPWODL shall have the right to use these for construction, erection, start-up, Trial Run, operation, maintenance, modifications and/or expansion of the works including for the manufacture of spare parts.

18.4 Exclusions

The provision of Clauses 16.1 to 16.3 shall not apply to information:

- Which at the time of disclosure are in the public domain which later on become part of public domain through no fault of the party concerned, or
- Which were in the possession of the party concerned prior to disclosure to him by the other party, or
- Which were received by the party concerned after the time of disclosure without restriction on disclosure or use, from a third party who did not acquire such information directly or indirectly from the other party or has no obligation of confidentiality for such information.

18.5 Violation

In case of violation of this clause, the Associate is liable to pay compensation and damages as may be determined by the competent authority of TPWODL.

19.0 INTELLECTUAL PROPERTY RIGHTS

If, in the course of performance of its functions and duties as envisaged by the scope of the present GCC, the Associate acquires or develops, any unique knowledge or information which would be covered, or, is likely to be covered within the definition of a trademark, copyright, patent, business secret, geographical indication or any other form of intellectual property right, it shall be obliged, under the terms of this present GCC, to share such knowledge or information with the TPWODL. All rights, with respect to, or arising from such intellectual property, as afore mentioned, shall solely vest in TPWODL.

Moreover, the Associate undertakes not to breach any intellectual property right vesting in a third party/parties, whether by breach of statutory provision, passing off, or otherwise. In the event of any such breach, the Associate shall be wholly liable to compensate, indemnify or make good any loss suffered by such third party/parties, or any compensation/damages arising from any legal proceeding/s, or otherwise. No liability of TPWODL shall arise in this respect, and any costs, damages, expenses, compensation payable by TPWODL in this regard to a third party/parties, arising from a legal proceeding/s or otherwise, shall be recoverable from the Associate.

20.0 INDEMNITY

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 27 of 104

The Associate shall at all times indemnify, keep indemnified and hold harmless the TPWODL and its officers, directors, employees, affiliates, agents, successors and assigns against all actions, claims, demands, costs, charges and expenses arising from or incurred by reason of any infringement of patent, trade mark, registered design, copy rights and/or industrial property rights by manufacture, sale or use of the equipment supplied by the Associate whether or not the TPWODL is held liable for by any court judgement. In this connection, the TPWODL shall pass on all claims made against him to the Associate for settlement.

The Associate assumes responsibility for and shall indemnify and save harmless the TPWODL from all liability, claims, costs, expenses, taxes and assessments including penalties, punitive damages, attorney's fees and court costs which are or may be required to be paid by the TPWODL and its officers, directors, employees, affiliates, agents, successors and assigns arising from any breach of the Associate's obligations under the Contract or for which the Associate has assumed responsibilities under the Contract including those imposed under any local or national law or laws, or in respect to all salaries, wages or other compensation for all persons employed by the Associate or his Sub-Associates or suppliers in connection with the performance of any work covered by the Contract. The Associate shall execute, deliver and shall cause his Sub-Associate and suppliers to execute and deliver, such other further instruments and to comply with all the requirements of such laws and regulation as may be necessary there under to conform and effectuate the Contract and to protect the TPWODL.

The TPWODL shall not be held responsible for any accident or damages incurred or claims arising, due to the Associate's error there from prior to completion of work. The Associate shall be liable for such accidents and after completion of work for such accidents as the case may be due to negligence on his part to carry out Work in accordance with Indian laws and regulations and the specifications set forth herein.

21.0 LIABILITY & LIMITATIONS

21.1 Liability

Except for any specific liability which may be identified in the Contract and which may be payable hereunder, Associate shall not be liable for any special, incidental, indirect, or consequential Damages or any loss of business Contracts, revenues or other financial loss (or equivalents thereof no matter how claimed, computed or characterized) arising out of or in connection with the Performance of the Work or supply of Goods ***unless caused by Associate's negligence, willful misconduct or breach of contract.***

TPWODL shall have no liability or any special, incidental, indirect or consequential Damages for any loss of Business Contracts, revenues or other financial loss arising out of this Contract.

21.2 Limitation of Liability

The total liability of Associate against any contract shall be limited to the Total All Inclusive Contract Value.

22.0 FORCE MAJEURE

Force Majeure applies if the performance by either Party ("the Affected Party") of its obligations under Contract is materially and adversely affected.

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 28 of 104

“Force Majeure” shall mean any event or circumstance or combination of events or circumstances referred below and their consequences that wholly or partly prevents or unavoidably delays any Party in the performance of its obligations under this Agreement, but only and to the extent that such events and circumstances are not within the reasonable control, directly or indirectly, of the Affected Party and could not have been avoided even if the Affected Party had taken reasonable care:

- Act of war (whether declared or undeclared), invasion, armed conflict or act of foreign enemy, embargo, blockade, revolution, riot, bombs, religious strife or civil commotion, etc.
- Politically motivated sabotage, or terrorism, etc.
- Action or Act of Government or Governmental agency for which remedy is beyond the control of the affected parties.
- Any act of God.

Note: Causes like power breakdown/ shortages/fire/strikes, accidents etc. do not fall under Force Majeure.

Time being the essence of the Contract, if either party is prevented from the performance of its obligations in whole or in part due to an event of Force Majeure, then provided Notice of happening of any event by the Affected Party is given to the other party within seven (7) days from the date of occurrence of such event, which DIRECTLY has impact on works and submitted details and quantum of resulting effect, but at the same time had made all possible efforts to mitigate and overcome effects thereof, the Affected Party's performance under this Contract shall be suspended until such event ceases and the Scheduled Completion shall be delayed accordingly.

If Force Majeure event(s) continue for a period of more than three months, the parties shall hold consultation to discuss the further course of action.

Neither party shall be considered to be in default or in breach of its obligation under the Contract to the extent that performance of such obligation by either party is prevented by any circumstances of Force Majeure which arise after effective date of Contract.

Neither party can claim any compensation from the other party on account of Force Majeure.

23.0 SUSPENSION Of CONTRACT

23.1 Suspension for Convenience

TPWODL may, at any time and at its sole option, suspend execution of all or any portions of the schedule of items of contract to be supplied/work to be executed by Associate under the contract by providing to the Associate at least two business days written notice for contracts having contract completion period less than sixty days and at least seven business days' notice for all other contracts.

Upon receipt of any such notice, the Associate shall respond as follows as applicable as per contract construction.

- Immediately discontinue further supply of material/goods specified in the suspension notice for supply contracts

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 29 of 104

- Immediately discontinue further service/work and supply of materials of those services/materials/work specified in the suspension notice for service /composite contract
- Promptly make every reasonable effort to obtain suspension, upon terms satisfactory to TPWODL, of all orders, outsourcing arrangements, and rental Contracts to the extent that they relate to performance of the portion of Work suspended by the notice.
- Protect and maintain the portion of the service/Work already completed, including the portion of the Work suspended hereunder, unless otherwise specifically stated in the notice.
- Continue delivering/carrying out the supply/service/work items as per contract conditions, which do not fall under purview of the suspension notice.

On receipt of resumption notice from TPWODL, the Associate shall resume execution of contract as specified in the resumption notice, within the time frame specified in the resumption notice,

23.2 Suspension for Breach of Contract conditions.

TPWODL shall suspend execution of whole/or part thereof the contract till such time Associate complies with the conditions stipulated under section clause 27 for breach/default of contract conditions.

23.3 Compensation in lieu of Suspension

If the suspension of the contract in whole or in part is for convenience of TPWODL and not due to any breach of contract conditions by the associate, TPWODL at its discretion shall consider compensating all reasonable additional costs incurred by Associate in lieu of suspension of whole or part of contract, on representation of the Associate providing justified estimates of such additional costs and such estimates are found acceptable and approved by competent authority of TPWODL.

If the suspension of contract in whole or part thereof is due to breach of contract conditions (refer clause 24.3) by the Associate, Associate shall not be entitled for any compensation for any cost incurred in lieu of suspension of whole or part of contract and also shall be liable for compensating all the losses arising to TPWODL in lieu of suspension of contract. Resumption notice shall be subject to the Associate taking corrective action for the breach of contract conditions within the time frame and as per the terms specified in the suspension notice.

24 TERMINATION OF CONTRACTS

24.1 Termination for Default/Breach of Contract

The contract / PO shall be subject to termination by TPWODL in case of breach of the contract by the Associate which shall include but not be limited to the following:

- a. Withdrawal or intimation by the Associate of its intent to withdraw or surrender the execution / completion of the contracted work /PO or failure in ensuring adherence to any delivery schedules, in deviation of the contract/ PO.

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 30 of 104

- b. Refusal or neglect on the part of the Associate to supply material/equipment of quantity or quality as specified by TPWODL and within the timeframe as specified in the contract document or refusal or neglect to execute the services/work in terms of the agreed standards of quantity or quality and/or within the timeframe specified in the contract/PO.
- c. Failure in any respect to perform any portion of the Work contracted with promptness, diligence, or in accordance with the terms of the contract.
- d. Failure to furnish guarantees as specified and /or failure to comply with the terms thereof.
- e. Failure to furnish such relevant documents or information within the time specified which may be necessary for due execution / completion of the works and documentation.
- f. Liquidation, bankruptcy either voluntary or involuntary OR entering into any composition or compromise with its creditors, or Insolvency.
- g. In case any reasonable information has been received by TPWODL that Associate has adopted/ or attempted to adopt any unethical conduct, action in award of the contract /PO or at any time thereafter.
- h. Failure to comply with applicable statutory provisions as contained in the contract or failure to comply with the applicable laws.
- i. Failure to comply with safety regulations/clauses stipulated in the contract or as may be generally instructed by TPWODL.

If the default or breach as specified under clause 24 (except sub clause g thereof) be committed by the associate for the first time, TPWODL shall issue, along the with notice of default or breach, a warning notice instructing the associate to take remedial/corrective action within the time frame stipulated in the warning notice and not to repeat the same in future. The timeframe for corrective action by the associate shall be specific to the nature of breach of contract and the same shall not be objected to by the Associate. If the Associate fails to comply with the instructions in the warning notice or in taking corrective action to the satisfaction of TPWODL then TPWODL may terminate the entire or part of contract at its discretion by issuing termination notice without incurring any liability on this ground.

In case the contract is terminated for any breach of the nature specified in clause 24 g stated above, TPWODL shall have the right to terminate all the contracts TPWODL is having with the Associate by issuing termination notice which shall be without prejudice to the other rights of TPWODL available to it under law.

Without prejudice to its right to terminate for breach of contract, TPWODL may, without assigning any reason, terminate the Contract in whole or in part at any time at its discretion while the contract is in force by serving a written notice of two weeks to the Associate.

In the event of TPWODL having proceeded with termination of the contract the associate shall comply and proceed further in the following manner:

- i) Associate shall discontinue the supply, on the expiry of the said period of two weeks.
- ii) Associate shall ensure that no further steps are being taken towards discharge of the obligations, terms and conditions as contained in the contract/PO. This shall include initiation of actions not limited to discontinuation of other allied and associated arrangements which

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 31 of 104

the associate might have entered with third parties for due discharge of its obligations under the contract with TPWODL.

iii) The Associate shall perform thereafter such tasks as may be necessary to preserve and protect the terminated portion of the material/service/work in progress and the materials and equipment at TPWODL sites or in transit thereto. However, the associate shall continue to fulfill its contractual obligations with regard to the part of contract not terminated.

iv) It shall be open for TPWODL to conduct a joint assessment with the associate of the material ,supplies, equipment ,works or in general as to the subject matter of the contract in regard to which the associate claims having completed its obligations before or during such termination.

v) It shall be open to TPWODL to seek invocation of the performance bank guarantee or any other guarantee or other security deposit by whatever name called submitted by the associate, which shall not be objected to or protested by the associate.

In case of termination of the contract the parties agree to be governed inter alia by the following:

a) In case TPWODL exercises its right of termination as stated above the associate shall not dispute or object to the same.

b) The Associate shall be entitled to receive and claim only such payments OR sums of money from TPWODL as may be found payable to it in regard to works executed by it under the terms of the contract and no other claim of any nature whatsoever shall be made by the Associate.

c) All such provisions which the parties have agreed to survive and prevail even after termination of the contract shall remain effective despite the termination.

In the event of such termination, TPWODL may finish the Work by whatever method it may deem expedient, including the hiring of services and /or purchase of material equipment from such third parties as TPWODL may deem fit or may itself provide any labor or materials and perform any part of the Work. The associate undertakes to bear the incremental costs if any paid by TPWODL in such a case attributable to failure on the part of the associate. The Associate in such a case shall not be entitled to receive any further payments and any sums found payable to it may be adjusted by TPWODL against the amount recoverable from him on this ground. The same shall be without prejudice to other rights available to TPWODL under law against the associate.

Upon the termination of any of the contract due to occurrence of any circumstances provided in clauses stated above and constituting repeated breach or misconduct , TPWODL shall be entitled to bar the associates its agents , affiliates from undertaking any negotiation / tendering, bidding, participation activities concerning TPWODL for a period of two years from date of such termination. The same shall be without prejudice to other rights available to TPWODL.

24.2 Termination for convenience of Associate

Associate at its convenience may request for termination of contract, clearly assigning the reason for such request. TPWODL has full right to accept, reject or partially accept such request. This convenience will be available to associate only after one year from the contract effective date. For this purpose, associate will provide a notice period of 90 days to

Doc. Title	GENERAL CONDITIONS OF CONTRACT - COMPOSITE WORKS	
Rev. No	0	Page 32 of 104

TPWODL, Associate will have to pay TPWODL a 'termination convenience fee' equivalent to 5% of unexecuted contract value.

24.3 Termination for Convenience of TPWODL

TPWODL at its sole discretion may terminate the contract by giving 30 days prior notice in writing or through email to the Associate. TPWODL shall pay the Associate for all the supplies/ services rendered till the actual date of contract termination against submission of invoice by the Associate to that effect.

25.0 DISPUTE RESOLUTION & ARBITRATION

In case of any dispute or difference the parties shall endeavor to resolve the same through conciliatory and amicable measures within 15 Days failing which the matter may be referred by either party for resolution by the sole arbitrator to be appointed mutually by both the parties. The arbitral proceedings shall be conducted in accordance with Arbitration and Conciliation Act 1996 and the place of arbitration shall be Sambalpur. The language to be used at proceedings shall be English and the award of the arbitrator shall be final and binding on the parties. The parties shall bear their respective costs of arbitration. The associate shall continue to discharge its obligations towards due performance of the works as per the terms of the contract during the arbitration proceedings unless otherwise directed in writing by TPWODL or suspended by the arbitrator. Further, TPWODL shall continue making such payments as may be found due and payable to the associate for such works.

25.1 Governing law and jurisdiction

The parties shall be subject to the jurisdiction of the courts of law in Sambalpur and any matter arising here from shall be subject to applicable law in force in India.

26.0 ATTRIBUTES OF GCC

26.1 Cancellation

The Company reserves the right to cancel, add, delete at its sole discretion, all or any terms of this GCC or any contract, order or terms agreed between the parties in pursuance without assigning any reasons and without any compensation to the Associates.

26.2 Severability

If any portion of this GCC is held to be void, invalid, or otherwise unenforceable, in whole or part, the remaining portions of this GCC shall remain in effect.

ANNEXURE-J

ACCEPTANCE FORM FOR PARTICIPATION IN REVERSE AUCTION EVENT

(To be signed and stamped by the bidder prior to participation in the auction event)

In a bid to make our entire procurement process fair and transparent, TPWODL intends to use the reverse auctions through SAP-SRM tool as an integral part of the entire tendering process. All the bidders who are found as technically qualified based on the tender requirements shall be eligible to participate in the reverse auction event.

The following terms and conditions are deemed as accepted by the bidder on participation in the bid event:

1. TPWODL shall provide the user id and password to the authorized representative of the bidder. *(Authorization Letter in lieu of the same shall be submitted along with the signed and stamped Acceptance Form).*
2. TPWODL will make every effort to make the bid process transparent. However, the award decision by TPWODL would be final and binding on the supplier.
3. The bidder agrees to non-disclosure of trade information regarding the purchase, identity of TPWODL, bid process, bid technology, bid documentation and bid details.
4. The bidder is advised to understand the auto bid process to safeguard themselves against any possibility of non-participation in the auction event.
5. In case of bidding through Internet medium, bidders are further advised to ensure availability of the entire infrastructure as required at their end to participate in the auction event. Inability to bid due to telephone line glitch, internet response issues, software or hardware hangs, power failure or any other reason shall not be the responsibility of TPWODL.
6. In case of intranet medium, TPWODL shall provide the infrastructure to bidders. Further, TPWODL has sole discretion to extend or restart the auction event in case of any glitches in infrastructure observed which has restricted the bidders to submit the bids to ensure fair & transparent competitive bidding. In case an auction event is restarted, the best bid as already available in the system shall become the start price for the new auction.
7. In case the bidder fails to participate in the auction event due any reason whatsoever, it shall be presumed that the bidder has no further discounts to offer and the initial bid as submitted by the bidder as a part of the tender shall be considered as the bidder's final no regret offer. Any offline price bids received from a bidder in lieu of non-participation in the auction event shall be outrightly rejected by TPWODL.
8. The bidder shall be prepared with competitive price quotes on the day of the bidding event.
9. The prices as quoted by the bidder during the auction event shall be inclusive of all the applicable taxes, duties and levies and shall be FOR at TPWODL site.
10. The prices submitted by a bidder during the auction event shall be binding on the bidder.
11. No requests for time extension of the auction event shall be considered by TPWODL.
12. The original price bids of the bidders shall be reduced on pro-rata basis against each line item based on the final all inclusive prices offered during conclusion of the auction event for arriving at Contract amount.

ANNEXURE-L

CONTRACTOR SAFETY MANAGEMENT SYSTEM

1. OBJECTIVE

The objective of the Contractor Safety Management System is to lay down clear guidelines for all Business Associates (including their associates, staff and agents) which would facilitate them to observe all statutory rules and regulations, comply with applicable standards of Central Electricity Authority (Measures relating to safety and electric supply) Regulations, 2010 & (safety requirements for construction, operation and maintenance of electrical plants and electric lines) Regulations, 2011, TPWODL Safety Manual and Guidelines and thus, ensure creation of safe working environment for all stakeholders of our network.

2. SCOPE

All contracts (minor and major) will be subject to the provisions of this document.

Minor Contracts: Contracts which satisfy all the criteria listed under the head “Minor Contracts”.

Major Contracts: Contracts which satisfy any two or more criteria listed under the head “Major Contracts”

Criteria	Minor Contracts	Major Contracts
Value of Contract	< Rs. 1500000/- (less than Rs. Fifteen Lac)	>= Rs. 1500000/- (Equal or more than Rs. Fifteen Lac)
Period	Period less than 1 year	Any period
Working on energized electrical equipment	No	Yes
Working on height (above 1.8 Mtrs from ground)	No	Yes
Work involving construction activity	No	Yes
Working with hazardous goods or chemicals	No	Yes
Work involving danger to general public	No	Yes

Note: Exceptions for major and minor contract are – in house software development, supply of material or equipment but no direct or indirect installation of the same material, administration contracts (courier, water supply, printing, security, transport, etc.), minor civil work like plastering at ground level or flooring, etc. The facility management (housekeeping) contract will always be treated as a minor contract.

Once the BA reaches the “BLACK” (color – “5”) category, i.e. highest level of safety violation, “Termination” notice to BA will be issued from the office of the Head of Department (equivalent to GM/ Sr. GM level) and further, *if required*, continuation / extension of contract will only be initiated by Functional Chief / Head of the department (equivalent to Sr. GM / Chief level) and approved by CEO & MD. Till the extension, the contract will remain suspended.

TPWODL encourages the reportage of the safety violation during the contract work by BA. Any TPWODL employee can register a safety violation against the BA in the “Safety Violation Form” *annexure 10*. Initially the observer has to fill the form and handover the counterfoil (lower portion) of the document to the supervisor of the BA, inform the site engineer of TPWODL and send the top portion of the Safety Violation Form to SAFETY group for the further necessary action against the BA. **The cumulative nos. of Safety Violations pertaining to any particular BA shall be calculated on yearly basis.**

Safety violations resulting in incident / accident will be treated as per gravity of the injury / fatality and its impact as well as type i.e. minor or Major. Consequences of incident / accident are shown in the matrix (figure 6.3(2) for major and 6.3(3) for minor) below. In case of any accident, findings and recommendations of Accident Enquiry Committee will be final and binding and will supersede the arbitration clause of GCC.

This penalty will be similar for first two incidents. However, it will increment to next higher category i.e. Rs. 25,000/- on subsequent incidents as per the above matrix.)

In case of single or multiple fatalities described under legends J&K of 6.3(2) and P&Q of 6.3(3), the concerned BA may be debarred from extension of contract or participate in new contract. In such event the approval of Chief (O & S) will be necessary for extension or award of new contract to concerned BA.

6.3.2 COMPENSATION FOR BA PERSONNEL

In the event of any untoward incident/ accident, the Business Associate shall ensure prompt medical assistance such as treatment, sickness benefit, etc. is provided to the victim(s) as per the Employees' Compensation Act, 1923 or Employees' State Insurance Act, 1948, as applicable. Also, the BA will be required to take adequate measures for compensating the victim(s) or his/her/their kin as follows:

Group Personal Accident (GPA) policy coverage of ₹ 15 Lacs to be taken by the respective BAs.

i. It is mandatorily required to take the GPA policy coverage of ₹ 15 Lacs by the BA for his employees from a reputed insurance agency.

ii. TPWODL HR department will be the overall process owner and BA shall be required to coordinate with TPWODL HR department for policy implementation immediately post receipt of LOI / Work Order.

Rev. No	0	Page 73 of 104

I. For Death or Permanent / Total Disablement

The BA shall take an insurance coverage of at least Rs. 15 lakhs for each engaged employee, to cover any incidence of Death or Permanent / Total Disablement (Permanent/Total Disability shall be considered as defined under Employees' Compensation Act, 1923). In the event of any such unfortunate incident, the BA would ensure that adequate compensation is paid immediately to the family of the victim(s) from his own resources. This compensation shall be covered under the insurance policy subscribed by the BA mentioned earlier and the arrangement should be such that it would get reimbursed to the BA by the insurance agency subsequently.

II. For Permanent Partial Disablement and Temporary Total Disablement

The compensation in this case will be as per provisions of the Employees' Compensation Act, 1923 or Employees' State Insurance Act, 1948, as applicable.

Accordingly, the BA shall obtain a suitable Insurance Policy on award of Contract and submit documentary evidence of the policy to the BA Cell before commencement of work. The BA shall ensure that the Insurance policy is active at all times and all employees are covered in all respects till the conclusion of contract period or till working with TPWODL. The BA shall submit a copy of the policy after periodic renewals to the BA Cell.

However, on occurrence of such unfortunate incident, if it is found that the victim(s) is/are not covered under any insurance policy, the BA shall be liable to pay the entire sum of Rs. 15 lakhs from his own resources.

Further, in case of an accident resulting in Death or Permanent / Total Disablement while on duty, the appointed BA Nodal Officer will ensure that the BA complies with all statutory provisions and benefits i.e. PF, Compensation, Gratuity etc., and that all these are made available to the employees' nominee(s) as per the stipulated timelines.

6.3.3 TPWODL rewards the BA with good track record of safety management. It is proposed that BA complying with Contractors Safety Management, Safety Manual and Safety process will be rewarded suitably as per the procedure, rule and regulations of the TPWODL. In any case major accident is reported during an assessment period BA will not be eligible for this reward scheme. Assessment of contracts will be once in year. Generally, the assessment cycle is calendar year and guidelines will be declared time to time.
